EXT PLAIN OF HOTH - HELICOPTER SHOT - DAY

A white snowscape races toward camera ... the MAIN TITLE quickly recedes, followed by a roll-up.

Episode V:

THE EMPIRE STRIKES BACK ...
After the destruction of its most feared battle station, the Empire has declared martial law throughout the galaxy.

A thousand worlds have felt the oppressive hand of the Emperor as He attempts to crush the growing rebellion.

As the Imperial grip of tyranny tightens, Princess Leia and the small band of freedom fighters search for a more secure base of operations ...

The roll-up disappears into the bleak horizon.

EXT PLAIN OF HOTH - HELICOPTER SHOT - DAY

The camera tilts down bringing into view a small figure galloping across the windswept ice slope.

EXT PLAIN OF HOTH - DAY

A closer panning shot reveals a bundled rider on a large gray snow lizard, called a TAUNTAUN. Curving plumes of snow rise from beneath the speeding paws of the two-legged beast.

EXT PLAIN OF HOTH - SLOPE - DAY

The rider gallops up a slope and reins his lizard to a stop.

EXT PLAIN OF HOTH - SLOPE - DAY

He pulls off his protective goggles. It is LUKE SKYWALKER. He notices something in the sky and takes a pair of electro-binoculars from his utility belt.
EXT PLAIN OF HO\(\text{\textdegree}\)TH - LUKE'S POV - DAY

From LUKE'S POV, we follow a bright object as it falls to the ground. On the distant horizon, an explosion marks the point of impact.

EXT PLAIN OF HO\(\text{\textdegree}\)TH - SLOPE - DAY

The wind whips at Luke's fur-lined cap as he activates a com-link transmitter. His lizard is nervous.

LUKE

(to the Tauntaun)
Easy girl, it's just another meteorite.

(\textit{into com-link})
Echo 3 to Echo 7 ... Han ol' buddy, do you read me?

After a little static a familiar voice is heard.

HAN (\textit{\text{\textsc{\textast}}}\text{\textsc{\textast}}}\text{\textsc{\textast}})
(filtered)
Loud and clear; kids What's up?

LUKE
I've finished my circle and I haven't picked up any life readings.

EXT PLAIN OF HO\(\text{\textdegree}\)TH - SLOPE - DAY

EXT LONG SHOT of bleak snow-covered landscape as a thin column of dark smoke blows in the wind.

HAN
(filtered)
There isn't enough life on this ice cube to fill a space cruiser. My sentry markers are placed. I'm heading back to the base.

EXT PLAIN OF HO\(\text{\textdegree}\)TH - SLOPE - DAY

LUKE
I'll see you shortly. A meteorite just hit the ground near here and I want to check it out ... Won't be long.

EXT PLAIN OF BOTH - SLOPE - DAY

Luke clicks off his transmitter and reins back on his lizard, which seems frightened. Luke pats the beast on the head to calm it.

LUKE
Weeho, girl! What's the matter... you smell something? There's nothing out there. I'll check again...

Luke takes a small device from his belt and starts to adjust it when suddenly a large shadow falls over him from behind, followed by a monstrous HOWL. Luke turns and looks up at an eleven-foot high shape towering over him.

LUKE
Son of a jumpin'...!!!

He grabs for his pistol, but is HIT flat in the face by a huge, white claw, knocking him into the snow.

EXT PLAIN OF BOTH - SLOPE - DAY

Luke falls unconscious into the snow. The terrified screams of the Tauntaun are cut short by the horrible snap of a neck being broken.

EXT PLAIN OF BOTH - SLOPE - DAY

The WAMPA ICE MONSTER grabs Luke by one ankle and drags him away.

EXT METEORITE CRATER - SNOW PLAIN - DAY

Long shot of the snow and ice covered plain. The smoldering, blackened, crater can be seen in the distance.

EXT METEORITE CRATER - SNOW PLAIN - DAY

A WEIRD MECHANICAL SOUND is heard over the whining of the wind. A strange PROBE ROBOT, with several extended sensors, emerges from the smoke-shrouded crater.
11 EXT METEORITE CRATER - SNOW PLAIN - DAY

The ominous robot FLOAT across the snow plain, and disappears into the distance.

12 EXT ICE CAVES - REBEL BASE ENTRANCE - DAY

A stalwart figure rides his Tauntaun up to the entrance of an enormous ice cave.

13 INT MAIN HANGAR DECK - REBEL BASE

Rebel Troopers are rushing about unloading supplies and otherwise securing their new base. The rider swings rakishly off his lizard and pulls away his goggles: HAN SOLO. He walks into the main
hangar deck toward the MILLENNIUM FALCON, which is parked among several fighters. Mechanics, R-2 units and various other droids hurry about. Han stops at the Millennium Falcon. His Wookiee co-pilot is welding on the back of a central lifter. Now he stops work and lifts his face shield; CHEWIE growls a greeting to his boss.

HAN
Cold isn't the word for it, Chewie.
I'll take a good fight any day over
all this hidin' and freezin'! ...
How you coming with those lifters?

The Wookiee GRUMMLES a reply.

HAN
All right. I'll go report then
I'll give you a hand with them.
Soon as those lifters are fixed,
we're out of here.

Chewbacca lets out with a joyful CHUCKLE and returns
to his work as Han leaves.

INT COMMAND CENTER - ICE CAVE

A makeshift command center has been set up in a blasted area of thick ice. The low-ceilinged room is a beehive of activity. Controllers, troopers, and droids move about setting up electronic equipment and monitoring radar signals. GENERAL RIEEKAN straightens up from a console as Han approaches.

HAN
General, there isn't a hint of life
in the area. But all the perimeter
markers are set, so you'll know if
anyone comes calling.

RIEEKAN
Has Commander Skywalker reported
in yet?

HAN
He's checking out a meteorite that
hit near him. He'll be in soon.
RIEKEN
(indicates radar screen)
With all the meteor activity in this system, it's going to be difficult to spot approaching ships.

HAN
General, I .... think it's time for me to get going ...

PRINCESS LEIA enters behind Rieekan. She is dressed in short white combat jacket and pants. She is upset by Han's news. Her hair is braided and tied across her head in a "30's" Nordic fashion ...

RIEKEN
You're good in a fight. Solo, I hate to lose you.

HAN
Thank you, General. But there's a price on my head. If I don't pay off Jabba the Hutt, I'm a walking dead man.

RIEKEN
A death mark is not an easy thing to live with ...

Rieekan touches Han and moves away. Han turns to Leia.

HAN
(with feeling)
I guess this is it, Your Highness.

LEIA
That's right.

Leia is angry. Han sees she has no warmth to offer him. He shakes his head and adopts a cooler tone.

HAN
Well, don't get all mushy on me. So long, Princess.
CONTINUED

Han walks away. Leia stews a moment. Then follows him.

INT ICE CORRIDOR – REBEL BASE – BOTH

As Han walks through the corridor a crack appears in the ice wall, the camera makes a quick move upwards to reveal an indefinite shape within the ice.

LEIA (VO)

Han!

Han stops in the quiet corridor and turns to face Leia.

HAN

Yes, Your Highness?

LEIA

I thought you decided to stay?

HAN

That bounty hunter we ran into on Ord Mantell changed my mind.

LEIA

Does Luke know?

HAN

He'll know when he gets back ... Don't give me that look. Every day more bounty hunters are searching for me. I'm going to pay off Jabba before he sends more of his remotes, Gank killers, and who knows what else ... I've got to get this price off my head while I still have a head.

LEIA

But we still need you.

We?

LEIA

Yes.

HAN

What about you?
LEIA
(mystified)
Me. I don't know what you mean.

HAN
(shakes his head, fed-up)
You probably don't.

LEIA
And what precisely am I supposed to know?

HAN
You want me to stay because of the way you feel about me.

LEIA
Well yes, you've been a great help ... to us. You're a natural leader ...

HAN
No, your worship. That's not it.
Leia stares at him, understands, then laughs.

LEIA
You're imagining things.

HAN
Am I? I think you were afraid I was leaving you without even a ... (pause) kiss?

LEIA
(laughs)
I'd just as soon kiss a wookiee.

HAN
There's no accounting for taste.
(warming to the subject)
Believe me, you could use a good kiss. You've been so busy giving orders, you've forgotten how to be a woman ... if you'd have let go for a moment ... I could have helped you ...
HAN (Continued)
But it's too late now sweetheart.
Your big opportunity is flying out
of here.

LEIA
I think I can survive ...

HAN
Good luck!

LEIA
You don't even care if the ...

HAN
Spare me please! Don't tell me
about the Rebellion again. It's
all you think about. You're as
cold as this planet.

LEIA
And you think you're the one to
apply some heat?

HAN
Sure ... If I were interested.
But I don't think it'd be much fun.

He steps away from her, takes a last cool appraisal.

HAN (Continued)
We'll meet again. Maybe by then
you'll have warmed up a little.

LEIA
You have all the breeding of a
Bantha, but not as much class ...
Enjoy your trip, hot shot!

Leia walks away. A claw starts to break through the
ice wall of the corridor.

EXT ICE PLAIN OF BORTH - DAY

Track with the sinister, probe robot as it moves across the
vast frozen wilderness. One of its extended sensors
detects something and the robot stops, turns and heads
off in another direction, at high speed.

EXT MOUND OF SNOW - ICE PLAIN - BORTH - DAY

The robot stops before a large mound of snow about twenty
feet long and six feet high. It circles the mound, then
shoots a thin laser bolt at the snow drift.
CLOSE-UP MOUND OF SNOW

The mound shakes a little bit and two large eyes appear at one end, staring directly at the robot. A primeval BELLOW issues forth from the mound.

OMIT

EXT MOUND OF SNOW - ICE PLAIN - HOTH - DAY

The robot backs off a few feet, then blasts the mound with a heavy laser bolt that disintegrates the snow-covered creature in a cloud of smoke and flame. The evil robot moves off toward the horizon.

EXT ICE GORGE - HOTH - DUSK

The jagged face of a huge ice wall sits gloomily in the dim twilight of a Hoth day. Luke hangs upside down, ankles frozen into ice stalactites, his extended arms within a foot of the snow-floor. His face is covered in a dried frozen blood on one side. He opens his eyes as a chilling MOAN of the hideous ice creature echoes off the gorge walls. Luke pulls himself up, grabs hold of his ankles, and futilely tries to unfasten the thongs.

EXT ICE GORGE - MED SHOT LUKE - DUSK

Exhausted, he drops back into the hanging position.

LUKE
(to himself)
Relax. Relax.

Luke spies his light saber lying near a pile of his discarded gear about three feet out of reach.

EXT ICE GORGE - DUSK

Reverberating through the gorge, the growling and crunching sounds of the approaching ice monster can be heard.

EXT ICE GORGE - DUSK

Quietly, almost a whisper, Luke hears old BEN'S CALM VOICE.

BEN (VO)

Luke, think the saber in your hand.

Luke focusses on the saber as the huge monster's feet crunch closer. Luke's hand strains toward the weapon, his eyes squeeze tight in concentration.

EXT ICE GORGE - DUSK

LUKE

Gotta relax, relax ...

BEN (VO)

EXT ICE GORGE - DUSK

Just as the ice monster looms over Luke, the light saber suddenly jumps three feet into Luke's hand.

EXT ICE GORGE - DUSK

The young warrior instantly ignites the sword, swings up and cuts himself loose from the ice. He flops to the snow in a heap. The startled ice monster moves back, his giant yellow eyes blinking. The most that can be discerned of the creature is a shape, and those two perplexed eyes. Luke scrambles to his feet. He swings his light saber and the monster screams in pain.

EXT ENTRANCE TO ICE GORGE - HOTH - DUSK

Luke staggers out of the gorge and stumbles down a snow bank. It is snowing and is getting dark.

INT MAIN HANGAR DECK - MILLINNIUM FALCON - DUSK

The hangar is full of activity. We hear a familiar stream of beeps and whistles a moment before catching sight of ARTOO and THREEPIO, who appear from a corridor and move along an ice wall toward the Millennium Falcon. Behind them, in the ice, two large yellow eyes blink open.

THREEPIO
It is not my fault, you malfunctioning twerp. I did not ask you to turn on the thermal heater. I merely commented that it was freezing in her chamber. But it's supposed to be freezing. Are we going to get all her things dried out ... Ah. Here we are.

The two robots stop at Han Solo's space freighter. Han and Chewie are still struggling with their central lifters.

THREEPIO
Master Solo, Sir. Might I have a word with you?

HAN
What is it?
THREEPIO
Mistress Leia has been trying to reach you on the communicator, it must be malfunctioning ...

HAN
I shut it off. What's her royal holiness want?

THREEPIO
She is looking for Master Luke, and assumed he would be here with you. No one seems to know ...

Han glances at the fading light at the entrance of the ice cave as night slowly begins to fall on the planet.

HAN
(concerned) × Luke's not back yet. It's almost night out there!

Han jumps down off the lift.

HAN
Bolt it down, Chewie ...
(yelling)
Officer of the Deck,
(into com-link)
Security Control, has Commander Skywalker reported in yet?

He gets a negative reply as the DECK SERGEANT and an AIDE rush up to Han.

DECK OFFICER
Yes.

HAN
Is Commander Skywalker back yet?

DECK OFFICER
I haven't seen him. It's possible he came in through the south entrance.

HAN
Check on it! It's urgent.
The Deck Officer and his Aide turn and rush off. Artoo lets out a confused whistle.

THREEPIO
I don't know, Artoo
(to Han)
Sir, might I inquire what's going on?

HAN
Go tell your precious Princess that Luke is dead unless he shows up soon.

Artoo lets out with an hysterical whistle.

THREEPIO
Oh no!

INT MAIN ICE TUNNEL

A MEDICAL DROID is doing a medical check of a dead TAUNTAUN. An OFFICER and some TROOPERS stand watching. Some of the hardware nearby has been brutally pulled out of shape and broken. A nervous Tauntaun is trying to break loose from two troopers. (This is seen taking place in the foreground and is only seen fleetingly through the frame). In the background some Troopers are calming another Tauntaun. HAN comes walking in.

HAN
What happened?

MEDICAL DROID
(droning on with medical terminology)
... contusions on left arturial aola, lacerations into ventricular collatul region causing ...
(continues OS)

HAN
(impatient)
What killed it?!

OFFICER
Neck broken.

HAN
By what?

MEDICAL DROID
Unknow, Sir, to this point of examination.
OFFICER
Whatever it was had to be pretty strong.

The DECK OFFICER runs in looking for Han.

DECK OFFICER
Sir, Commander Skywalker hasn't come through the south entrance. He might have forgotten to check in.

HAN
Not likely. Are the speeders ready?

DECK OFFICER
Not yet. Adapting them to the cold is proving difficult. Maybe by morning...

HAN
... we'll have to go out on tauntauns. I'll take sector four...

DECK OFFICER
The temperature is falling too rapidly...

HAN
You bet it is... and Luke's out in it.

OFFICER
I'll cover sector 12... Have com-control set screen alpha.

Han pushes through the troops and mounts a tauntaun.

DECK OFFICER
The night storms will start before any of you can reach the first marker...

HAN
Then I'll see you in Hell.

Huge monster feet moves into the shadows.

EXT SNOW CAVE ENTRANCE - REBEL BASE - DUSK

The small, lone figure riding a snow lizard races off into the hostile vastness of snow and cold. The slightest hint of wind blows up the snow behind the Tauntaun. It is snowing.
EXT PLAIN OF HOTH – DUSK
The dark, evil PROBE ROBOT moves across the frozen floor of the Hoth plain. The wind is beginning to pick up, and snow starts to cake on the front of the robot.

EXT PLAIN OF HOTH – DUSK
The PROBE ROBOT stops, hovers, then drops to the ground. Several probes emerge from its metal hull and a dome shaped force field around the robot begins to glow. Eventually, the force field becomes a solid shape and is quickly covered with the blowing snow.

EXT PLAIN OF HOTH – DUSK
Han rides across the plain on his Tauntaun.

EXT PLAIN OF HOTH – DUSK
He reins his mount to a stop, looks around and listens.

EXT PLAIN OF HOTH – DUSK
It's almost as if Han hears something. He turns and looks in one direction, then spurs his lizard in that direction.

EXT PLAIN OF HOTH – DUSK
Han rides off across the plain on his Tauntaun.

EXT SNOW DRIFT – HOTH – DUSK
The wind is blowing quite strong now. Luke struggles to stay upright, but a blast of freezing snow knocks him over. He struggles to get up, but he can't. The young warrior from Tatooine drags himself a couple of feet and then collapses.

EXT SNOW DRIFT – HOTH – DUSK
LUKE
I can't ...
Luke looks up and sees BEN KENOBI standing not ten feet away. Luke strains to lift himself up. He is speechless. The blowing snow almost obscures Ben at times. It is hard to tell if he is real, or an hallucination.

EXT SNOW DRIFT — HOOTH — DUSK

LUKE
(reaches out weakly)
Ben ... Ben ...

BEN
You will go to the Degobah System.
You will learn from Yoda, the Jedi Master, who instructed me.

EXT SNOW DRIFT — HOOTH — DUSK

The image of Ben fades, revealing a lone rider on a Tauntaun in the windswept horizon.

LUKE
Ben?!

Luke drops into unconsciousness.

EXT SNOW DRIFT — HOOTH — DUSK

Han pulls up, leaps off his lizard. He goes to his snowcovered friend and cradles him in his arms. Han's Tauntaun lets out a low, pitiful bellow. There is real fear in Han's face as he shakes Luke.

HAN
Come on, buddy, you aren't dead yet. Give me a sign here.

HAN

Don't do this, Luke, it's not your time ... 

Luke responds to a slap. Han is joyous.

HAN

I knew you wouldn't leave me out here all alone! We've got to get you out of here.

Han starts to lift Luke when he hears a rasping sound. Han glances over toward his Tauntaun as the beast bellows and falls over.

EXT SNOW DRIFT BY TAUNTAUN - HOTH - DUSK

Han has carried Luke almost to the lizard when the Tauntaun dies with a moan. Han checks the lizard.

HAN

This Tauntaun's deader than a Triton moon. We haven't got much time.

He pushes Luke's inert form against the belly of the Tauntaun.
HAN
I know this doesn't smell so good,
Luke, but it'll keep you from
freezing.

Han starts pulling things out of a pack on the dead
lizard's back.

HAN
(into com-link)
Echo Base, do you copy? ... (repeat) ...
This com-link is useless.

The wind has picked up considerably and Han is
beginning to find it difficult to move. He struggles
with the shelter container, opens it and starts
constructing it.

HAN
If I don't get this shelter up
fast, Jabba won't need
those bounty hunters.

As Han begins to set up a shelter camera pulls back until
the little group is obscured by the snow.

EXT - OUTSIDE ICE HANGAR - DUSK

Push in to reveal Artoo standing in the falling snow.
He is beeping. His aerial is extended. ThreePIO comes
to him.

THREEPIO
Artoo ... there's nothing more
you can do ... you must come inside ...

ThreePIO starts walking away, stops in front of the
hangar doors.

THREEPIO
Artoo ... my joints are freezing
up ... will you hurry ... please ...

INT MAIN HANGAR DECK - ENTRANCE - NIGHT

PRINCESS LEIA stands before the dark entrance to the
rebel base, waiting for a sign of the two rebel heroes.
Leia shivers as the cold wind blows in on her. Chewie
is sitting nearby with his head in his hands. In the
background Artoo and ThreePIO move thru the doors.
Han ignites Luke's saber and cuts the beast from head to toe. He quickly shovels the steaming innards of the beast into the snow. Then he lifts Luke's inert form and stuffs him inside the carcass.

**HAN**

I know this doesn't smell so good, Luke, but it'll keep you from freezing. I'm sure this Tauntaun wouldn't hesitate if it were the other way around.

(Han gets an awful whiff of the inside.)

Whew! It's just as well you're out pal.

Han starts pulling things out of a pack on the dead lizard's back.

**HAN**

(Into com-link)

PRINCESS LEIA stands before the dark entrance to the rebel base, waiting for a sign of the two rebel heroes. Leia shivers as the cold wind blows in on her. Chewie is sitting nearby with his head in his hands. In the background Artoo and Threepio move through the doors.
THREEPIO
Artoo has not been able to pick up any signals, although he feels his range is probably too limited to give up hope.

Leia nods an acknowledgement, but she is lost in thought. MAJOR DERLIN stands near Leia. He also looks concerned. A LIEUTENANT comes walking over.

LIEUTENANT
... All patrols are now in except Solo and Skywalker, Sir.

MAJOR DERLIN
Your Highness, nothing more can be done tonight. The temperature is dropping fast. The Shield Doors must be closed, I'm sorry.
(to Lieutenant)
Close the doors...

The Lieutenant walks away. Chewie lets out a long, mournful HOWL, somewhat like a coyote.

MAJOR DERLIN
The speeders should be ready in the morning. They'll make the search easier.

LEIA
Is there any chance of them surviving 'til morning?

MAJOR DERLIN
Slim, but yes, there's a chance.

Artoo lets out with a complex series of efficient beeps.

THREEPIO
Ma'am, Artoo says the chances of survival are seven hundred twenty-five to one.
(to Artoo)
Actually, I don't think we needed to know that.

Leia stands praying to herself as the huge metal doors slam across the entrances of the ice cave. The loud BOOMS echo through the huge cavern. Chewie lets out another howl.
EXT ICE PLAIN - HOTH - DAWN

The huge dim sun of Hoth crawls lazily over the horizon in the North as a spurt of snow shoots skyward revealing the dark probe robot. The sinister object pulls in several of its extended arms, hovers for a few moments, then starts off across the bleak Hoth plain.

EXT SNOWDRIFT - HOTH - DAY

A small, snub-nosed, armored landspeeder races across the white landscape.

INT ARMORED SNOWSPEEDER - HOTH SNOWDRIFTS - DAY

There is only one PILOT, ZEV, in the enclosed two-man craft. He concentrates on the scopes which ring his cockpit. A low bleep can be heard.

ZEV

Echo Base - I've got a something!
Not much but it could be a life form. Sector 4 - 6-1-4 by 8-8-2.
I'm closing in . . .

INT ARMORED SNOWSPEEDER - HOTH SNOWDRIFTS - DAY

ZEV
Echo three . . . this is rogue two,
do you copy? Commander Skywalker,

There is a sharp crackle of static then a faint voice.

HAN (OS)
(filtered)
Nice of you guys to drop by. Hope
we didn't get you up to early.

ZEV

Echo Base . . . this is rogue two. I

The speeder comes hurtling down and out bottom of frame.

41  EXT SNOWDRIFT - HOTH - DAY

The small shelter is covered with snow on the windward side. Han has made a makeshift antenna which rests
gingerly on top of the snowdrift. The small armored speeder can be seen approaching in the distance as Han waves frantically in the foreground.

INT MEDICAL CENTER – REBEL BASE

INT MEDICAL CENTER OBSERVATION ROOM – REBEL BASE

Han, Leia, Threepio and Chewbacca are watching from a glassed-off room next door. They can hear the mechanical surgeons working and Luke’s ravings in the room.

LUKE
Watch out ... snow creatures ...
dangerous ... Yoda ... go to Yoda
... only hope ...

HAN
He doesn’t make sense to me either, Chewie.

THREEPIO
I do hope he’s all there ... if you take my meaning. It would be most unfortunate if Master Luke where to develop a short circuit.

HAN
The kid ran into something mean, and it wasn't the cold.

LEIA
It's those creatures he keeps talking about ... we've doubled the security. Han, I don't know how ....

HAN
Forget it.
TOO-ONEBEE (2-1B), the SURGEON DROID turns to the
window.

TOO-ONEBEE
Commander Skywalker has been in
dormo-shock but is responding well
to the Bacta ... He is presently
out of danger.

Leia breathes a sigh of relief. Chewie lets out a long
GRUNT of approval.

LEIA
Now we better find out what
attacked him.

HAN
If this snowball's
got nasty natives they could be
anywhere.

Chewie whines, looks around.

INT CORRIDOR - REBEL BASE

The drip, drip, drip of melting ice echoes throughout
the long eerie corridor. A trooper walks by, followed
at a short distance by Artoo, who rolls along whistling
to himself. As Artoo passed a crack in the wall he feels
some ice particles fall on him. He stops and looks around.
R-2 tilts to look upwards ... FAST tilt up. A crack
in the ice-wall until we come to rest on what could be
a face within the ice. The eyes blink. Artoo lets out
a screech and starts moving just as there is almost
an explosion near him. Ice pieces, ice-dust, steam
obscure what is in the corridor. Artoo races towards
the end of the corridor where some troopers have appeared
... 2 soldiers go running past Artoo to investigate. We
hear a monstrosus sound and one trooper comes flying back-
wards, knocked out ... Some of the others start shooting.
Artoo scoots around a corner and whimpers as he peeks back
to see what is going on. A trooper appears with a larger
gun which he shoots at the almost obscured giant form in
the ice corridor - he blasts away. Then all is quiet.
The giant form falls like a log. The men converge to
inspect the giant creature. It is lying face down. A
young Sergeant pulls his comlink off his belt and speaks
into it.

SERGEANT
Security Control ... this is Section J ...
Alert all Patrols in ice-corridors ...
INT COMMAND CENTER - REBEL BASE

Alarms buzz softly in the background. The entire command center is on full alert. General Rieekan is conferring with the HEAD CONTROLLER as Han and Chewie enter the room. Threepio and Leia are already there.

RIEEKAN
It didn't come thru any of the checkpoints ...

LEIA
What about the unexplored cave areas?

RIEEKAN
It's possible ... we may have to ...

Another alarm goes off at a console behind them and the SENSOR CONTROLLER at that spot calls across the room.

SENSOR CONTROLLER (OS)
General!

Rieekan leaves the group as they continue.

HEAD CONTROLLER
The life-form sensors are being modified so we can track them.

2ND CONTROLLER
I'm not sure I want to know how many there are.

THREEPIO
... Of course Artoo would be in the middle of this.

HAN
It's going to be a little tricky around here until we know where they're coming from.

INT COMMAND CENTER BY CONSOLE - REBEL BASE

Rieekan looks up grimly from the console in the background. He calls over to Leia and Han.

RIEKKAN
Princess ... We have a visitor.

The group hurries over to Rieekan.

RIEKKAN
We've picked up something outside the base in zone twelve moving East.
SENSOR CONTROLLER
It's metal ...

LEIA
Then it's not one of those creatures.

HAN
Could it be ours? A Speeder?

SENSOR CONTROLLER
No ... no signal. Wait, something very weak.

Threepio steps up the control panel and listens to the strange signal intensely.

THREEPIO
I must say, Sir, I'm fluent in over six million forms of communication, but this is something new ... must be in code or ...

A new VOICE comes over the com-link.

TROOPER VOICE
This is Echo station three-eight. Unidentified object is on our scope. It's just over the ridge, we should have visual contact in about ... What the? ... Oh no!

The transmission ends in static.

HAN
Whatever it is, it isn't friendly. Let's have a look ... Come on, Chewie.

RIEKKAN
Send Rogues 10 and 11 to Station three-eight.

INT COMMAND CENTER - REBEL BASE - HOTH

Princess Leia and Rieekan listen to Han on the com-link.

HAN (OS)
(filtered)
... I'm afraid there's not much left.

LEIA

What was it?

HAN (OS)
(filtered)
Droid of some kind. I didn't hit it that hard. It must have had a self-destruct ...
LEIA
An Imperial probe droid.

HAN (OS)
(filtered)
Now don't panic. We don't know that.

RIEKEN
But, we don't know it wasn't.
Darth Vader's Star Destroyer, larger and stranger than the five Imperial Star Destroyers that surround it, sits in the vastness of space. The six huge ships are surrounded by a convoy of smaller spacecraft. Tie fighters dart to and fro.

CONTROLLERS working the vast complex of electronic controls hear ominous, approaching footsteps and look up from their controls. The squat, evil-looking ADMIRAL OZZEL and the young, powerfully-built GENERAL VEERS, who have been conferring near the front, also feel the approaching presence and turn that way. DARTH VADER, Lord of the Sith, enters like a chill wind. As he moves across the wide bridge, CAPTAIN PIETT hurries up to Ozzel.

PIETT
I think we've found something, Admiral.

OZZEL
Yes, Captain?

PIETT
Well, the report we have is only a fragment, from a probe droid in the Hoth System, but it's the best lead we've had... 

OZZEL
(angry)
We have thousands of probe droids searching the galaxy ... I want proof, not leads. I don't intend to continue to chase around from one side ...

VADER
( looming over the group)
The Hoth System.

PIETT
Yes, Sir ... we have visuals ... the System is supposed to be devoid of human forms ...

On a large screen, an image of the rebel snow base appears surrounded by complicated computer readouts. The rebel speeders can be seen approaching in the distance. Vader studies the image.
That's it.

OZZEL
My Lord, there are so many uncharted settlements. It could be smugglers ...

VADER
That is the one! And Skywalker is there. Bring in the patrol ships, Admiral, and set your course for the Hoth System. General Veers prepare your men ...
LUKE
I'm fine. Really. Leia ... when
I was out there and it looked
pretty bad ... well ....

LEIA
I was afraid ...

Their eyes meet. Luke touches her cheek with his hand.

LUKE
I don't really know how to say this
... Leia, you know how I feel
about you ...

She does and it's confusing. His lips are very close to hers
about to kiss. The door opens noisily and Threepio
enters with Artoo. Leia pulls back. Luke
realizes the moment has been lost. His mind races for
a way to regain it as Leia takes an more formal
manner. The droids are a bothersome distraction; Luke's
concentration is on Leia. Artoo beeps a cheerful
greeting.

THREEPIO
Master Luke, it's good to see
you functional again.

LUKE
Thanks, Threepio. Leia ...

Artoo beeps and whistles.

THREEPIO
Artoo expresses his relief also.

LUKE
Good. Thanks, Artoo.

LEIA
(about to leave)
You rest now.

THREEPIO
So much has happened during the
period of your indisposition, Sir.

LEIA
I'll be back later.
LUKE
(anxious to keep her)
Leia wait .... What would you think if
I went away for a while?

LEIA
What did you say?!

Leia's reaction is so much bigger and more vociferous
than Luke expected, it starts what is to become a growing
snowball of confusion for him.

LEIA
Where are you going?

LUKE
(hesitates)
... to another system ... not far ...

LEIA
That's just great. Why doesn't
everyone just take off?

LUKE
What are you talking about?

LEIA
First Han, now you. When am I
going to learn not to count on
anyone but myself? ...

LUKE
Han's leaving?

LEIA
... I was getting along just fine
before I met you two moon jockeys.

LUKE
Calm down, will ya? Tell me about
Han.

LEIA
He wants to pay off that criminal
he's in hock to.

LUKE
Jabba the Hutt?

LEIA
(back to her tirade)
I could get more loyalty if I
went down the hall and recruited
some of those ice creatures.
LUKE
Ice creatures ... they're here?!

THREEPIO
Yes, Sir. But they're being trapped quite cleverly.

Artoo beeps and whistles proudly.

THREEPIO
(to Artoo)
What do you mean, you took care of that? I would hardly call your part in that matter of great ...

Luke's head is spinning as Han and Chewie make a vigorous entrance. The Wookiee GROWLS a greeting.

HAN
Hi, kid, you look strong enough to wrestle a Gundark.

LUKE
Thanks to you.

HAN
That's two you owe me, junior.

Han turns to Leia with a devilish grin.

HAN
Well, your worship, it looks like you arranged to keep me close by for a while longer.

LEIA
I had nothing to do with it. General Rieekan thinks its dangerous for any ships to leave the system until we know where that probe came from.

LUKE
Probe? What probe?

HAN
That makes a good story. But I think you just can't bear to let me out of your sight.

LEIA
Try me, laser brains. delusions, laser brains.
Chewie is amused; he LAUGHS in his manner. Han is enjoying this. He regards Chewie good-humoredly.

HAN

Laugh it up, fuzz ball. You didn't see us alone in the south passage.

Luke sparks to this; he looks at Leia.

HAN (Continued)

She expressed her true feelings for me.

Leia is flushed, eyes darting between Luke and Han.

HAN

Come on, Your Highness, you've already forgotten ...

LEIA

Why you low-down, stuck-up, half-witted, scruffy-looking nerf-herder ... 

HAN

Who's a scruffy-looking?

(a big grin)
I tell ya', sweetheart, I must've hit pretty close to the mark to get you hoppin' like this. Doesn't it look that way to you, Luke?
LUKE
(staring at Leia)
Yeah ... it does ... kind of.

Leia looks vulnerable for a moment, then the mask again, focussing on Luke.

LEIA
Oh it does, does it? Well, I guess you don't understand everything about women ... do you ...

With that Leia leans over and kisses Luke on the lips. Then she stands and walks out. Everyone is dumbstruck. The door closes behind Leia and they all look at each other in silence.

In the distance, the muffled sound of an alarm is heard.

TRANSPORT BAY - REBEL BASE - HOTH

A captain is talking to three of his sergeants at the entrance to the main transport bay. In the background several transports are being loaded. The men carry heavy boxes and move quickly, but not in panic, no running.

CAPTAIN
... And hold transports 5 and 7 for the ground personnel.

One of the sargeants turns and rushes off.

CAPTAIN (Continued)
The newer pilots will fly escort, the more experienced will stay and man the speeders. As soon as each transport is loaded, have it take off.

The other sargeants exit. The Captain turns to watch the loading.
CONTROL ROOM - REBEL BASE - HOTH

Alarms sound throughout. General Rieekan rushes up to a controller.

CONTROLLER
We've picked up a large fleet of star destroyers coming out of hyper-space in sector four.

RIEKEN
Reroute all power to the energy shield ... and prepare for a ground assault. We have to hold them until all the transports are away.

Rieekan exits in a hurry.

SPACE - IMPERIAL FLEET

Six huge star destroyers rest in space in the Hoth System.

INT STAR DESTROYER - VADER'S CHAMBER

A dark cubicle is illuminated by a single shaft of light from above. The brooding Dark Lord sits on a raised meditation cube. General Veers enters the room and approaches Vader. Vader doesn't move. Veers, although seemingly very sure of himself, is still not bold enough to interrupt the meditating Lord. The young general stands quietly at attention until the evil presence speaks.

VADER
What is it, Veers?

VEERS
My Lord, the fleet has moved out of light speed. Com-Scan has detected an energy field protecting an area of the sixth planet in the Hoth System. The field is strong enough to deflect any bombardment.

VADER
(angry)
The rebel scum is alerted to our presence. Admiral Ozzel came out of light speed too close to the system.
VEERS
He felt surprise was a wiser ...

VADER
He's as clumsy as he is stupid.
A clean bombardment is impossible
thru their energy shield. Prepare
your troops for a surface attack.

Veers turns smartly and leaves as Vader activates a large
view-screen showing the bridge of the mighty space
cruiser. Admiral Ozzel appears, with Captain Piett
in the background.

OZZEL
Lord Vader, the fleet has moved
out of light ...

CAPTAIN PIETT!!

The Captain steps forward, as the Admiral moves away
slightly confused, touching his throat as it begins
to constrict.

PIETT
Yes, My Lord.

VADER
Make ready to land assault troops
beyond the energy shield. Then
deploy the fleet so that nothing
can get off that system. You're
in command now, Admiral Piett.

Piett is as pleased as he is surprised. Admiral Ozzel
has been struggling to breathe in the background and
now with a final choke, he dies.

INT MAIN HANGAR DECK - REBEL BASE

Alarms sound. Troops, ground crews and droids rush
to their alert stations. Armored landspeeders are
lined up in attack formation near the main entrance.
Leia is briefing a group of pilots gathered in the
center of the hangar. Beyond them Han can be seen
doing some frantic welding on the lifters of the
Millenium Falcon.
LEIA
... the large transport ships will leave as soon as they're loaded. Only two fighter escorts per ship. The energy shield can only be opened for a split second so you'll have to stay very close to the transports.

ROBBIE
Two Fighters against a Star Destroyer?

LEIA
The ion cannon will fire several blasts which should destroy any enemy ships in your flight path. When you clear the energy shield you will proceed to the rendezvous point. Good luck.

The pilots hurry away.

INT MAIN HANGAR DECK - MILLENNIUM FALCON - REBEL BASE

Han finishes his work and hops down to the hangar floor. He pulls out his com-link, all the time eyeing the lifters.

HAN
(into com-link)
All right, Chewie, give it a try.

Leia passes, giving Han a dirty look. A mechanism on the pirate's ship makes a noise and the lifters begin to rise. Suddenly there is a malfunction and the right lifter breaks partially loose, swinging down with a crash. Han winces. Leia, across the hangar, turns at the sound and shoots Han a "What a screw-up!" look, then goes out.

HAN
(into com-link)
Hold it, Chewie.

MAIN HANGAR DECK - REBEL BASE - HOTH

Pilots, gunners and R-2 units hurry about. Luke, pulling on his heavy weather gear, is headed toward a row of armored speeders. He stops at the back of the Millenium Falcon, where Han and Chewie are trying to repair the right lifter with even more haste than before. Luke speaks up to them.

LUKE

Chewie ... take care of yourself ... and watch over this guy, will ya.

Chewie BARKS a farewell and returns to his work. Han and Luke exchange warm looks.

LUKE (continued)

I hope you make your peace with Jabba.
HAN
Give 'em hell, kid.

Luke looks up and waves. He walks on a few steps, then stops and turns back. Han is still looking at Luke. Chewie stops his work and looks at the two friends who seem to be communicating something to each other as if there is something they want to say. The moment is broken by the PA announcement.

ANNOUNCER (OVER PA)
First transport is clear...

Everyone cheers at the announcement which echoes through the hangar. Luke turns and walks on. Luke hurries up to his landspeeder. His gunner, Dack, a fresh-faced eager kid, is glad to see him. They climb in.

DACK
Are you feeling all right, Sir?

LUKE
Like new, Dack. How 'bout you?

DACK
Right now I feel like I could take on the whole Empire myself.

speeds down the hallway. Threepio waves, then turns

INT COMMAND CENTER

Apart from the distant thunder of laser blasts, the
corridor is strangely quiet and empty. Running
footsteps echo through the freezing hallway, then
Han appears. Cracks have appeared in some of the

are you alright?

Leia nods. She is surprised to see him.

EXT MILLENIUM FALCON - TIE FIGHTERS - GIANT ASTEROID

LOW TRUCKING SHOT of the Falcon as it races toward camera and past. The Tie fighters approach in the distance, but as the Falcon passes, a giant asteroid intersects the frame in front of the Tie fighters creating a silhouette explosion. As the asteroid continues on its way, it leaves the remains of two explosions.

INT COCKPIT - MILLENIUM FALCON - SPACE

Han notices something on his main scope and nudges his faithful Wookiee, pointing.

HAN

There, there. Chewie, get a reading on that. Looks pretty good.

LEIA

What is it?

HAN

That should do nicely.

INT COCKPIT - MILLENIUM FALCON - GIANT ASTEROID

POV OVER THE SHOULDER out cockpit window, skimming the surface of the asteroid as a large crater approaches.
FULL SHOT of the Millenium Falcon as it dives into the huge crater and disappears.

FULL SHOT of Falcon racing over camera and down into crater. The walls are barely visible as the camera TRUCKS with the Falcon, but at a slower speed. A small cave appears on one side of the crater in the distance. The Falcon turns, slows and scoots into the smaller cave.

FULL SHOT X WING over camera and away toward the cloud cover of Dagobah. Half the planet is seen.

CLOSE SIDE VIEW of R-2 as he rides on the back of the X wing.

CLOSE-UP LUKE FRONT 2 with stars moving right to left in background.

LUKE
Yes, that's Dagobah, Artoo ... looks a little grim doesn't it ...
(Artoo beeps)
... No, I don't want to change my mind about this ... I'm not picking up any cities or technology ....
(a little nervous)
... Massive life form readings though. There's something alive down there ...
(Artoo beeps a worried query)
... Yes, I'm sure it's perfectly safe for droids. Will you take it easy? ... I guess I imagined that landing beacon. We'll just have to go in and see what happens.
(Artoo whimpers)
Don't worry!

X wing to camera flying through twilight between space and planet.
CLOSER VIEW as the X wing races over camera and dives into the cloud cover and disappears.

SIDE VIEW LUKE as the clouds race by in the background, bottom to top.

Luke works desperately at his controls. The cloud cover has completely obscured his vision. An alarm buzzes in the background. Artoo beeps and whistles frantically.

LUKE
I know, I know! All the scopes are dead! I can't see a thing...
Hang on, I'm going to start the landing cycle... Let's just hope there's something underneath us...

The blast of the retro rockets is deafening. Artoo's squeals are barely heard. Suddenly, there is a CRACKING sound as if limbs were being broken off trees and then a tremendous jolt as the spacecraft stops. Luke pulls a switch and his canopy pops open.

The mist-shrouded X wing fighter is almost invisible in the thick fog. It's landing lights are on. Luke climbs out onto the long nose of the spacecraft as Artoo pops out of his cubbyhole on the back. The young warrior surveys the fog. About all he can make out are some giant twisted trees nearby.

LUKE
Artoo ... You stay put while I look around.

Artoo lets out a short beep. As Luke steps out of the cockpit onto the nose Artoo loses his balance and disappears with a splash into water.

Luke kneels and leans over the plane looking for Artoo ... the water is still.
LUKE

Artoo! Artoo!

A small periscope breaks the surface of the water and a gurgly beep is heard. The periscope starts to move to shore ... Luke is relieved and starts running along the nose of the fighter to the front. The outline of the shore is now no more than ten feet away. Luke jumps off the plane into the water. Luke scrambles up to the shore and turns to look for Artoo. The periscope is still moving towards the shore.

LUKE

Hurry ... Artoo!

The monster thing appears behind the little droid and dives, creating a loud clunk. Artoo's periscope disappears as he lets out a pathetic electronic scream. Luke wades a few feet into the murky pool looking for any sign of his little friend. The black surface is as still as death itself ... a few bubbles begin to appear, then PHHEEMMAATT!! The runt-sized robot is spit out of the water, makes a graceful arc and comes crashing down in a patch of moss.

LUKE

Artoo, are you okay?

Artoo responds with a series of feeble whistles and tones.

LUKE

If you're saying coming here was a bad idea, I'm beginning to agree with you.

EXT SWAMP - BEACH - DUSK

As Luke glances around at the spooky swamp jungle that surrounds him, Artoo answers by ejecting a stream of muddy water from one of the ports in his head.
EXT IMPERIAL FLEET - SPACE - ASTEROID FIELD

FULL SHOT - Fleet around Vader's ship in the asteroid storm. Asteroids big and small begin to pelt the huge surface of the ships. One of the smaller Imperial vessels in the foreground gets hit by a huge asteroid and explodes.

INT BRIDGE - VADER'S STAR DESTROYER - MAIN CONTROL DECK

INT FULL SHOT - Asteroids collide, creating fireworks display out bridge window. Vader is looking out window above the control deck. He turns toward the bridge. Before him are the hologram images of twenty Battleship Commanders. One of these images, the Commander of the ship just exploded, is fading quickly away at this moment. Another image, in the center and a little apart from the others, is faded and continually disrupted by static. It is the Captain Needa of the Star Destroyer which was most hotly on the tail of the Millennium Falcon. Admiral Piett and an aide stand behind the Dark Lord.

CAPTAIN NEEDA (In Hologram)

... which was the last time they appeared in any of our scopes. Considering the amount of damage we've sustained, they must have been destroyed ...

CONTINUED
VADER
No, Captain, they're alive. I want every ship available to sweep the asteroid field until they're found.

The imperial Star Captains fade off one by one as Vader turns to Admiral Piett.

VADER
Now what's so important it couldn't wait, Admiral? Speak up!

The Admiral is scared white as a sheet. He's shaking.

ADMIRAL PIETT
It was ... the Emperor ...

VADER
The Emperor?

ADMIRAL PIETT
Yes, he commands you make contact with him ...

VADER
Move this ship out of the asteroid field and into a position where we can send a clear transmission.

ADMIRAL
Yes, My Lord.

VADER
And code the signal to my private chamber.

EXT MILLENIUM FALCON - ASTEROID CAVE

The pirate starship rests in a dark, dripping asteroid cave. It is so dark, the exact dimensions are impossible to determine.

282

INT COCKPIT - MILLENIUM FALCON - CAVE

Han and Chewie are busy shutting down the engine and the electronic systems. Threepio and Leia watch worriedly as all the service lights go out. Han glances from the dimming lights to Leia with a quick grin.

HAN
Getting kinda romantic in here.

Chewie suggests with a GROWL that Han pay attention to
the business at hand. Han returns to work.

HAN
(to Chewie)
What are you so grouchy about?

THREEPIO
Sir, I'm almost afraid to ask, but
does shutting down all but emergency
power systems include me?

Chewie BARKS yes, but Han thinks otherwise.

HAN
No, we're going to need you to talk
to the old Falcon here and find out
what happened to our hyperdrive ...
How good are you with a macrofuser,
Your Holiness?

Suddenly the ship lurches, causing all the loose items
in the cockpit to go flying. Chewie HOWLS.

HAN
Hang on! Watch out.

THREEPIO
(to Han)
Sir, it's very possible this
asteroid is not stable.

HAN
I'm glad you're here to tell us
these things ...

The ship begins a violent motion. Chewie HOWLS.
The jolting movement throws Leia across the cabin into
Han's arms. The motion stops as suddenly as it started.
Han and Leia realize they are in each other's arms.
They embrace.

HAN
Why. Princess, this is so sudden.

LEIA
Let go ... I'm getting angry.
HAN
You don't look angry.

LEIA
How do I look?

HAN
(with feeling)
Beautiful.

Leia flushes, averts her eyes. She's not exactly fighting to get free. But, of course, Han blows it ...

And excited.

The anger rises in Leia.

LEIA
Sorry, Captain, being held by you isn't enough to get me excited.

HAN
Well, I hope you don't expect more.

LEIA
I don't expect anything, except to be left alone.

HAN
If you'll just get out of my way I'll leave you alone.

Leia realizes this and steps back, embarrassed. Chewie has been watching them argue.

LEIA
Don't you think it's time we got to work on your ship ...

HAN
Fine with me.

She turns and leaves the cockpit. Han turns to his faithful Wookiee, who's been watching all this with Threepio.

HAN
Come on, Chewie, let's tear into this flying short circuit.

Chewie BARKS and starts out of the cockpit with Han.

HAN
You, too, golden rod.
THREEPIO
I must admit there are times I
don't understand human behaviour.

EXT BOG CLEARING - DUSK

The mist has dispersed a bit, but it is still a gloomy
looking swamp. Luke is pulling an
equipment box from the shore to the clearing.

LUKE
You ready for some power?

Luke ignites a little fusion furnace which throws
off a warm glow. He warms his hands then plugs a
power cable into Artoo’s hose. The droid whistles
his appreciation. Luke opens a container of processed
food and sits before the thermal heater.

LUKE
Now all I have to do is find this
Yoda ... if he even exists.

Artoo beeps and Luke nervously looks around at the
foreboding jungle. He grimaces as he forces down
the ill-tasting food.

LUKE
This seems like a strange place
to find a Jedi Master ... Gives
me the creeps.
(Artoo beeps "I'm with you")
Although ... There's something familiar
about this place ... I feel like ...

STRANGE VOICE
You feel like what?

The young warrior grabs for his light saber as he spins
around, looking for the speeder. Mysteriously standing
right in front of Luke is a strange, blue creature,
not more than two feet tall. The wizened little thing is

LUKE
(looking at the creature)
... Like we're being watched.
CREATURE
Away put your weapon. I mean you no harm.

After some hesitation, Luke puts away his weapon, although he really doesn't understand why. Artoo watches with interest.

CREATURE (Continued)
I am wondering ... why are you here?

LUKE
I'm looking for someone.

CREATURE
Looking? Looking? You've found someone I'd say. Heh? Yes!

LUKE
(trying to keep from smiling)
Yeah ...

CREATURE
Help you I can ... yes ... yes.

LUKE
I don't think so, you see, I'm looking for a great warrior.

CREATURE
A great warrior?

(shakes his head)
Not many of those. Wars don't make one great.

Yoda jumps and lands on one of the cases of supplies. He begins to rummage around.

LUKE
Get away from there.

Artoo moves to the edge of the case (almost eye level to the creature who is carelessly handling the supplies) and squeaks his disapproval.

The creature picks up the container of food Luke was eating from and take a bite.

LUKE
Hey, that's my dinner!

The creature spits out the bite he has taken. He makes a face.
CREATURE
Paewh! Thank you, no. How get you
so big eating food of this kind?

He flips the container in Luke's direction and reaches
into one of Luke's supply cases.

LUKE
Listen, friend, we didn't mean to land
here, and if I could get my fighter
out of this puddle I would, but I can't. So ...

CREATURE
Can't get your ship out? Have you
tried? Have you tried?

The creature spots something of interest in Luke's
case; Luke loses patience and grabs the case away.
The creature retains his prize ... a tiny power lamp.
The creature examines it with delight.

LUKE
Give me that!

CREATURE
(retreating with it)
Mine! Mine! Or I'll help you not.

Clutching the lamp, the creature backs away from Luke
closer to Artoo.

As the following exchange takes place,
one of Artoo's little arms slowly moves out toward the
power lamp, completely unnoticed by the creature.

LUKE
I don't want your help. I want
my lamp back. I'll need it in
this slimy mudhole.

CREATURE
Mudhole? Slimy? My home this is.

Artoo grabs hold of the lamp and the two little figures
are immediately engaged in a tug-of-war over it.

ARtoo
Beeps a few "gimme thats".

CREATURE
Mine, mine. Give it back.

The creature lets go with one hand and pokes Artoo
lightly with one finger. Artoo reacts big with a squeal,
and lets go.

CREATURE
Mine, mine.
LUKE
(fed-up)
Okay, Artoo, let him have it.
Now get out of here, little fellow,
we've got things to do.

CREATURE
No, no! I'll stay and help you find your friend.

LUKE
I'm not looking for a friend,
I'm looking for a Jedi Master.

CREATURE
Oh, a Jedi Master. Different
altogether. Yoda, you seek, Yoda.

LUKE
(surprised and skeptical)
You know him?

CREATURE
Of course, yes. I'll take you to
him. But now eat we must. Good
food. Come, come.

With that, the creature scurries out of the clearing.
Luke looks after him. All he sees is the small power-light
moving thru the fog. Luke makes his decision
and starts after the creature.

ARtoo
(quite upset)
Whistles a blue streak.

LUKE
(to Artoo)
You'd better stay here and watch over the camp.

ARtoo
Beeps even more frantically.

Luke is almost out of sight. He yells back.

LUKE
Artoo, now settle down ... I can take
care of myself ... I'll be safe ... okay?

The little droid grows quiet as Luke disappears from view.

284
EXT BOG TRAIL – DUSK – DAGOBAH

Down the misty trail, the creature moves along, holding
the small power lamp.

CREATURE
Heh ... safe ... heh ... quite safe
(laughs) ... yes, of course.
EXT IMPERIAL CRUISER – ASTEROID BELT – SPACE

FULL SHOT – Looking down on the two medium-sized Imperial cruisers moving across the surface, dropping bombs which create powerful shock waves centred around blue explosions.

EXT IMPERIAL CRUISERS – CRATER – GIANT ASTEROID – SPACE

The ships move over the crater in which the Millennium Falcon is hiding. A faint ball of light emerges from the crater as a bomb hits the bottom.

INT MAIN HOLD AREA – MILLENNIUM FALCON

The ship rattles and vibrates. The flooring and part of the ceiling have been removed revealing a section of the complex powertrain. Chewie's head pops upside-down out of a bundle of wires in the ceiling. He BARKS. Princess Leia, who is welding something nearby, also stops working and looks up.

THREEPIO
Oh, my, they've found us.

Everyone is quiet for a moment. A second blast.

LEIA
They're moving away.

HAN
They're just trying to see if they can stir something up... we're safe.

LEIA
Where have I heard that before?

Han ignores her sarcasm and moves past her, rubbing against her in the tight quarters, to continue his work. She watches him for a moment, then goes back to her welding. Threepio whistles and beeps into the control panel in front of him and the control panel whistles back.
THREEPIO
Where is Artoo when I need him?
I don't know where your ship
learned to communicate, but its
dialect leaves something to be
desired. I believe, Sir, it
says the power coupling on the
negative axis has been polarized.
I'm afraid you'll have to replace
it.

HAN
Of course I'll have to replace it.

Chewie BARKS.

HAN
(shouting up at Chewie)
Replace it!

Leia finishes welding the valve she's been working on.
She attempts to reengage the system by pulling on a
lever attached to the valve. It doesn't budge. Han
notices her struggle, and moves to help her. She
rebuffs him.

HAN
Easy, your worship. Only trying
to help.

LEIA
(still-struggling)
Would you please stop calling
me that?

Han hears a new tone in her voice. He watches her pull
on the lever.

HAN
Sure.

LEIA
You make it so difficult sometimes.

HAN
I do, I really do. You could be a
little nicer though ...

(he watches her reaction)
Come on, admit it, sometimes you think
I'm all right.

She lets go the lever and rubs her sore hand ...

LEIA
(a little smile, haltingly)
Sometimes, maybe .... occasionally,
when you aren't acting like a scoundrel.
EAN

(laughs)
Scoundrel ... I like the sound of that ...

With that, Han takes her hand and starts to massage it.

LEIA

Stop that.

HAN

Stop what?

Leia is flushed, confused.

LEIA

Stop that ... My hands are dirty.

HAN

My hands are dirty, too.
What are you afraid of?

LEIA

(looking right into his eyes)
Afraid? ... of getting my hand's dirty.

Han looks at her with a piercing look. He's never
looked handsomer, more dashing, more confident. He
reaches out slowly and takes Leia's hand again from
where it is resting on a console. He draws it toward
him.

HAN

That's why you're trembling?

Then with an irresistible combination of physical
strength and emotional power, the space pirate begins
to draw Leia toward him ... very slowly.

HAN

I think you like me because I'm
a scoundrel I think you haven't had
enough scoundrels in your life.

Leia is now very close and the following exchange takes
place as their faces draw even closer. Leia's voice
is an excited whisper, in complete opposition to what
she's saying.
LEIA
I happen to like nice men.

HAN
I'm not nice?

Chewie sticks his head out of the panel to watch.

LEIA
Yeah ... but you ...

He kisses her now, with slow, hot lips. He takes his time, as though he had forever, bending her body backwards. She has never been kissed like this before, and it almost makes her faint. When he stops, she regains her breath and tries to work up some indignation, but finds it hard to talk.

LEIA
Okay, hot-shot ... no ...
   (he begins to kiss her again)

She tries to speak again but his mouth stops her. A swimming giddiness spins her around until, before she knows it, she is kissing him back. Finally, Han breaks the kiss and looks at her. They stand there for a moment looking at each other. Leia is totally, frantically, confused by her feelings. First with her eyes, then with her body, she withdraws, detaches from Han. She slips from his arms and hurries from the cabin.

HAN
Chewie! Gimme a hand with this.
EXT BOG MEADOW - CREATURE'S HOUSE - RAIN

A heavy downpour of rain pounds through the gnarled trees. A strange baroque mud house sits on a moss-covered knoll on the edge of a small lagoon. The small, gnomish structure radiates a warm glow from its thick glassed windows. As the rain taps a merry tune on Artoo's head, the stubby little droid rises up on his tip-toes to peek into one of the glowing portals.

INT CREATURE HOUSE

From inside we see Artoo peeking in the window. The inside of the house is very plain, but cozy. Everything is in the same scale as the creature. The only thing out of place in the miniature room is Luke, who is cramped by the four foot ceiling. He sits crossed-legged on the floor of the living room.

The creature is in an adjoining area, which serves as the kitchen, cooking up some incredible meal. The stove is a steaming hodgepodge of pots and pans. The wizened little creature scurries about chopping this, shredding that and showering everything with exotic herbs and spices. He rushes back and forth putting platters on the table in front of Luke who watches the creature impatiently.

LUKE
... I told you, I'm not hungry...

CREATURE
Patience. It's time to eat.

LUKE
Look, it smells good. I'm sure it's delicious. But I don't know why we can't see Yoda now.

CREATURE
It's the Jedi's time to eat, too.

LUKE
Will it take long to get there? How far away is he?

CREATURE
Not far, not far. Be patient. Soon you will see him. Why wish you become a Jedi?
LUKE
Because of my father, I guess.

CREATURE
(placing food on the table)
Oh, your father ... a powerful Jedi
was he, powerful Jedi.

LUKE
(a little angry)
How could you know my father? You
don't even know who I am.
(fed up)
How long do I have to hang around
here! I don't know what I'm doing
waisting my time...

The creature turns away from Luke and speaks to a third
party.

CREATURE
(irritated)
No good. I cannot instruct him.
The boy has no patience!

Luke's head spins in that direction. There is no one
there. The boy is bewildered, but over the next few
exchanges it dawns on him that the little creature is
YODA, the Jedi Master and he is speaking with Ben.

BEN (VO)
He will learn patience.

YODA
Much anger in him, like his father.

BEN (VO)
Was I any different when you taught
me?

YODA
He is not ready.

LUKE
I'm ready ... Ben ... Ben. Tell him!

Luke looks around the tiny room, trying to see Ben.

YODA
Ready are you? What know you of ready?
I have trained Jedi for 800 years. My
own counsel I'll keep on who is to be
trained. A Jedi must have the deepest
commitment, the most serious mind.
YODA
(to an invisible Ben, indicating Luke)
This one I have watched a long
time. All his life has he looked
away... to the horizon, to the
sky, to the future. Never his
mind on where he was, on what he
was doing. Adventure, excitement...
(turning to Luke)
A Jedi craves not these things!

Luke looks down, knows it’s true.

LUKE
I have followed my feelings.

YODA
You are reckless!

BEN (YODA)
So was I, if you remember.

YODA
He’s too old. Yes. Too old, too
set in his ways to start the
training.

Luke thinks he hears a tiny softening.

LUKE
I’ve learned much.

Yoda turns his piercing gaze on Luke, as though the Jedi
Master’s huge eyes could somehow determine how much
the boy has learned. After a long moment, the little
creature turns toward where he alone sees Ben.

YODA
Will he finish what he begins?

Yoda concedes with a resigned look. Yoda continues
to stare at the spot for a long time.

LUKE
I will not fail you – I’m not
afraid.

YODA
(turns slowly toward him)
You will be, my young one. Heh.
You will be.
EXT VADER'S STAR DESTROYER - SPACE

FULL SHOT - Vader's Imperial Star Destroyer floats against a vast sea of stars.

INT VADER'S STAR DESTROYER - VADER'S CHAMBER

The Dark Lord, Darth Vader, is alone in his chamber. A STRANGE SOUND is heard and light begins to play across Vader's black figure. He looks up and bows quickly.

A twelve foot hologram of the GALACTIC EMPEROR materializes before Vader. The Emperor's face cannot be seen, for it is shrouded in dark robes with a monk's hood, reminiscent of the cloak worn by old Ben Kenobi. His voice is even deeper and more frightening than Vader's.

EMPEROR
You may rise, my servant.

Vader rises, but he is afraid of his master and continually looks at his feet.

VADER
What is thy bidding, My Master?

EMPEROR
There is a grave disturbance in The Force.

VADER
I have felt it.

EMPEROR
Our situation is most precarious. We have a new enemy who could bring about our destruction.

VADER
Our destruction? Who?

EMPEROR
The son of Skywalker. You must destroy him... or he will be our undoing.

VADER
He's not a Jedi, he's just a boy. Obi-wan could not have taught him so much that...

EMPEROR
The Force is strong with him. He must be destroyed.
VADER
If he could be turned, he
would be a powerful ally.

EMPEROR
(a long pause)
Yes ... yes. He would be a
great asset. Can it be done?

VADER
He will join us or die, My Master.

Vader kneels. The supreme Emperor passes a hand over
the crouched Lord of the Sith and fades away.

EXT MILLENIUM FALCON - ASTEROID CAVE

The pirate starship rests in a dark, dripping asteroid
cave. It is so dark, the exact dimensions are impossible
to determine.

INT COCKPIT - MILLENIUM FALCON

The cockpit is quiet and lit only by the indicator
lights on the control panel. Princess Leia is sitting
alone in the pilot’s seat. She runs her hand across
the control panel as she thinks of Han, and the confusion
he’s created within her. Something catches her eye
outside the cockpit window. With the reflection of
the dash lights, it’s hard to make out what it is.
Suddenly, something like a soft suction cup attaches
itself to the windscren. Leia moves closer to see
what it is. Large, yellow eyes appear staring back at
her. Leia is startled and jumps back into her seat, her
heart pounding. There is a SCURRY of feet and
a loud SCREECH; the eyes are gone.

The young Princess catches her breath, jumps out of
her chair and races from the cockpit.

INT MAIN HOLD AREA

The lights go bright for a second, then go out again.
Threepio turns to Chewbacca who is looking over his
shoulder at the control panel. Han finishes with
some wires.

THREEPIO

Everything checks out here. If
I might say so, I believe that
should do it.

The Wookiee BARKS and turns as Leia rushes into the
cabin. Han drops the final floor panel into place.
LEIA
There's something out there!

HAN
Where?

LEIA
Outside, in the cave.

There's a sharp BANGING on the hull. Chewie looks up and BARKS.

THREEPIO
It sounds like it's trying to get in.

HAN
I'm going to see what it is.

LEIA
Are you crazy!

HAN
Look, we just got this bucket going again. I'm not about to let some varmint tear it apart ...

He grabs a breath mask off a rack and the Wookiee does likewise. Leia follows.

LEIA
If there's more than one, you're going to need help.

Threepio looks around and sees that he's been deserted.

THREEPIO
But that leaves me here all alone!

EXT MILLENIUM FALCON – ASTEROID CAVE

It is very dark and dank inside the huge asteroid cave. Too dark to see what is tearing apart the ship. Chewie BARKS through his face mask, and points over the jutting cockpit. A five foot shape can be seen moving across the top of the Falcon. The leathery creature lets out a screech as Han blasts it with a laser bolt. The black shape stumbles, then tumbles off the spaceship and lands at the feet of the Princess. She leans over and studies the thing.

LEIA
Looks like some kind of Mynock.
HAN
(looking around)
There will be more of them. They always travel in groups. And there's nothing they like better than to attach themselves to ships. Just what we need right now.

Leia stamps her foot on the floor of the cave.

LEIA
This asteroid has the strangest consistency ... Look at the ground, it's not like rock at all.

Han kneels and studies the ground, then attempts to study the outline of the cave. There is a Mynock screech in the distance.

HAN
There's an awful lot of moisture in here.

Han unholsters his blaster and fires at the far side of the huge cave. Moments later the cavern begins to shake and the ground begins to buckle.

HAN
I was afraid of that...

Chewie barks and starts for the ship. Leia and Han follow quickly. The large wings of the Mynocks flap past them as they protect their faces and run up the platform.

INT MILLENIUM FALCON ENTRY - HOLD AREA

As soon as Han and Leia are on board, Chewie closes the main hatch. The ship continues to shake and heave.

HAN
Chewie, fire her up! We're getting out of here.

The Wookiee heads for the cockpit as Han, followed by Threepio, rushes to the hold area and checks the scopes on the control panel. Leia follows. Threepio watches them.

LEIA
They would spot us long before we could get up to speed ...
Han rushes past her and heads for the cockpit.

HAN
... There's not time to discuss this in committee.

And with that he's gone. The main engines of the Falcon begin to whine. She races after him, bouncing around in the shaking ship.

LEIA
(angry)
I am not a committee!

INT COCKPIT - MILLENNIUM FALCON - CAVE

Han is already in the pilot's seat pulling back on the throttle. The earthquake begins to stop. Leia enters.

LEIA
You can't make the jump to light speed in this asteroid field.

HAN
... Strap yourself in, sweetheart, we're taking off.

LEIA
But the tremors have stopped.

The ship begins to move forward, the sides of the cave move away. Chewie BARKS as he notices something out the window ahead.

INT COCKPIT - MILLENNIUM FALCON - CAVE - POV

INT MILLENNIUM FALCON COCKPIT, POV out window of row of jagged white stalagmites and stalactites surrounding the entrance. The entrance of the cave is growing smaller.

INT COCKPIT - MILLENNIUM FALCON - CAVE

Han pulls hard on the throttle as the ship surges forward.

HAN
I see it Chewie, hang on.

LEIA
The cave is collapsing!

HAN
This is no cave.
LEIA

What??

THREEPIO
Oh my, no! We're doomed. Goodbye, Mistress Leia. Goodbye, Captain ...

Leia's mouth drops open as the rocks of the cave entrance are revealed to be giant teeth quickly closing around the tiny ship. Chewie HOWLS.

HAN

Bank, Chewie!

Luke's face is upside-down and showing enormous strain. Luke is standing on his hands and Yoda is perched on Luke's feet. Opposite Luke and Yoda are two bowling-ball-sized rocks. Luke stares at the rocks and concentrates. One of the rocks lifts from the ground and floats up to rest on the other.

YODA—
Concentration heh? Concentration.
Open yourself to The Force ...

Luke looks over to Artoo standing near the edge of the water, frantically hopping around.

LUKE
(a little annoyed)
Oh, Artoo, what is it?
Artoo waddles back and forth, chirping frantically, then scoots over the edge of the swamp. Luke rushes to the water's edge. The X wing fighter has sunk. All we now see is the tip of the nose.

LUKE
Oh no. We'll never get it out now.

Yoda stamps his foot in irritation.

YODA
So sure are you? Tried have you? Always with you it can't be done. Hear you nothing that I say?

Luke looks uncertainly out at the ship.

LUKE
Master, moving stones around is one thing, but this is a little different.

YODA
(irritated)
No! No different! The differences are in your mind. Throw them out! No longer of use are they to you.

LUKE
(focussing, quietly)
Okay. I'll give it a try.

YODA!
No. Try not. Do, do. Or do not. There is no try.

Luke closes his eyes and tries to think the ship out.

EXT BOG CLEARING - SWAMP - DUSK

Luke tries as hard as he can.

LUKE
I can't. It's too big.

YODA
Size has no meaning. It matters not. Look at me. Judge me by my size do you?
Luke shakes his head no.

YODA
And well you shouldn't. For my
ally is The Force. And a powerful
ally it is. Life creates it
and makes it grow. Its energy
surrounds us and binds us. Luminous
beings are we...
(Yoda pinches Luke's skin)
... not this crude matter.
(a sweeping gesture)
Feel it you must. Feel the flow.
Feel The Force around you...
(gesturing)
... Here, between you and I and
that tree and that rock...

Yoda indicates the vicinity of Artoo, whose head spins
around looking for The Force.

YODA
... Yes, everywhere, waiting to
be felt and used ... Yes, even
between this land and that ship!

Vader stands in the back control area of the bridge with a motley group of men and creatures. Admiral Piett and one of his star captains stand at the front of the bridge and watch the group with scorn.
ADMIRAL PIETT
Bounty hunters! Why should he bring them into this? The rebels won't escape us...

A CONTROLLER interrupts.

CONTROLLER
Sir, we have a priority signal from the Star Destroyer Avenger.

The group standing before Vader is a bizarre array of galactic fortune hunters: there is BOSSK, a slimy, tentacled monster with two huge, bloodshot eyes in a soft baggy face; TUCKUS and DENGAR, two battle-scarred mangy human types; IG-88, a battered, tarnished chrome war droid; and BOBA FETT, a man in a weapon-covered armored space suit.

VADER
... there will be a substantial reward for the one who finds the Millennium Falcon. You are free to use any methods necessary, but I want proof... no disintegrations.

At that moment, Admiral Piett approaches Vader in a rush of excitement.

ADMIRAL PIETT
My Lord, we have them!

LEIA
Well, what now?

Han thinks for a moment, makes a decision and pulls back on a lever.

HAN
Sharp bank, Chewie. Let's turn this bucket around.

EXT BOG CLEARING - X WING - DUSK - DEGABOH

Artoo is busy washing down the X wing fighter. A powerful stream of water sprays from a nozzle in the droid's side, while a hose from his other side trails off into the watery swamp.

EXT BOG TRAIL - DUSK - DEGOBAH

Luke runs through the bog, jumping incredibly high over roots, racing in and out of the heavy ground fog.

YODA
Much progress do you make, young one. You feel The Force?

LUKE
I feel it much stronger when I'm mad.

YODA
Anger, fear, aggression, the dark side of The Force are they. Easily they flow ... quick to join you in a fight. Beware of them. A heavy price is paid for the power they bring.

Luke lowers his light saber, confused.

LUKE
Price?

YODA
The dark side beckons: But if once start you down the dark path, forever will it dominate your destiny. Consume you it will ... as it did Obi-wan's apprentice.
LUKE
Lord Vader ... Is the dark side stronger?

YODA
No, no. Easier, quicker, more seductive.

LUKE
But how am I to know the good side from the bad?

YODA
You will know. When you are at peace ... calm ... passive. A Jedi uses The Force for knowledge and defense. Never for attack.

LUKE
But tell me why ...

YODA
No! There is no why. Nothing more will I tell you now. Clear your mind of questions ... Quiet now be ... at peace ...

Yoda tosses a silver bar high above Luke, but behind him. The young warrior instantly turns and cuts the bar into four places. Yoda is pleased, but Luke is suddenly distracted, wary. He stops running.

YODA
Four this time! Your are learning fast.
LUKE

Something's not right ... I feel danger ... death.

Luke turns to see a huge, tangled, dead black tree. Its base is surrounded by a few feet of water. Giant, twisted roots form a dark and sinister cave near one side. Luke lets Yoda down to the ground. He stares at the tree, breathing hard.

LUKE

You brought me here purposely.

Yoda sits on a large root, pulls out his chew stick.

LUKE

I feel cold.

YODA

This tree is strong with the dark side of The Force. A servant of evil it is. Into it you must go.

LUKE

What's in there?

YODA

Only what you take with you.

Luke looks warily between the tree and Yoda. He ignites his light saber and steps into the water.

YODA

Your weapon ... you won't need it.

Luke gives the tree a long look, then shakes his head "no". Yoda shrugs. Luke reaches up to brush aside some hanging vines and they snap at him like lobster claws ... then they move upwards. Luke looks up and sees they are attached to a monstrous creature who stares down at him - Luke enters the tree.

INT TREE CAVE - DAGOBAH

Luke moves into almost total darkness. It's wet and slimy. The young Jedi can barely make out the edge of the passage. Suddenly, he is enveloped by a thick spider-like membrane. He thrashes to clear himself and cuts through it with his laser sword. When he is free of it, he holds the saber out before him. Five inches from his face, a beetle the size of Luke's hand scurries up the wall to join its mates. Luke draws back only a moment, then pushes deeper into the cave.
The space widens around him, but he can feel that rather than see it. His sword casts the only light. Luke peers into the darkness. It has become very quiet here. There is a long, long beat.

A loud HISS! Darth Vader appears across the blackness, illuminated by his just-ignited laser sword. Immediately, he charges Luke, saber before him. He is upon him in seconds, but Luke sidesteps perfectly and slashes at Vader with his sword.

Vader is decapitated. His head and helmet fly from his shoulders as his body disappears into the darkness. The metallic BANGING of the helmet fills the cave as Vader's head spins and bounces, smashes on the floor and stops. For once instant it sits whole.on the floor. Then it cracks vertically. The black helmet and breath mask falls away to reveal ... Luke's head.

Across the space, the standing Luke gasps at the sight, wide-eyed in terror.

The decapitated head fades away, as in a vision.

ADMIRAL PIETT
Lord Vader, our ships have completed their scan of the area and found nothing. The Millenium Falcon definitely went into lightspeed. It's probably on the other side of the galaxy by now.

VADER
Alert all commands. Calculate every possible destination along their last known trajectory and disburse the fleet to search for them. Don't fail me again Admiral, I've had quite enough!

ADMIRAL PIETT
Yes, My Lord. We'll find them.

LEIA

You could have warned him before you shut him off.

HAN

Oh, so sorry! Didn't mean to offend your droid. You think braking and shutting down in that amount of time is easy?

LEIA

I'm still not sure what you've accomplished.

HAN

Chewie, check the manual release on the landing claws.

Chewie barks, struggles from his seat, and climbs out of the cabin holding on to the sides.

LEIA

What'd do you have in mind for your next move?

HAN

(pointing out window)
The fleet is finally breaking up. I'm hoping they'll follow standard Imperial procedure and dump their garbage before they go into light speed.
Leia gets it after a moment. She smiles and pats Han like a puppy.

LEIA
Not bad, hot shot, not bad. Then what?

HAN
Then we have to find a safe port around here. Got any ideas?

LEIA
That depends. Where are we?

HAN
Here ... near the Corellian System.

Han points to a configuration of small light points on a computer map screen on the control panel. Leia slips out of her chair and moves next to the handsome pilot. Several systems flash by on the computer screen.

HAN
Funny, I have the feeling I've been in this area before. Let me check my logs.

LEIA
You keep logs? My, how organized.

HAN
Well, sometimes ... Ah-hah, I knew it! Lando - now this should be interesting.

LEIA
Never heard of that system.

HAN
It's not a system; he's a man; Lando Calrissian. A gambler, con-artist ... all-around scoundrel....

(winks at Leia)

... your kind of guy. The Bespin system. It's a fair distance but feasible.

LEIA
(reading from the computer)
A mining colony.

HAN
A Tibanna gas mine. Lando won it in a sabacc match, or so he claims. Lando and I go way back.
LEIA
Can you trust him?

HAN
No. But he has no love for the
Empire, that much I know ...

Chewie BARKS something on the intercom. Han quickly
changes his readouts and stretches to look out the
cockpit window.

HAN
I see it, Chewie, I see it ...
Prepare the manual release.
(turns to Leia)
Here goes nothing, sweetheart.

Han leans back in his chair and gives her an inviting
smile. She thinks for a moment, shakes her head; a grin
creeps across her face and she gives him a quick kiss.

EXT BOG - YODA'S HOUSE - DAY - DEGOBAH

In the clearing behind Yoda's house, Luke is standing on
one hand again, but now Luke's face shows less strain
and more concentration. Yoda is sitting in front of the
young warrior, staring at his face. On the side of the
clearing, two equipment cases slowly rise into the air,
Artoo is watching, humming to himself, when suddenly he
rises into the air. His little legs are kicking desperately and his head turns frantically, looking for help. Suddenly Luke holds four fingers off the ground. He is balancing on his thumb. We see Yoda laugh for the first time.

YODA
Good, good, now be calm. Through The Force things you will see: other places, other thoughts, the future, the past, old friends long gone.

Luke suddenly becomes distressed.

LUKE
No, Han! Leia!

The two packing boxes and Artoo fall to the ground with a crash, followed by Luke tumbling over.

YODA
(shaking his head)
No, you must learn control...

LUKE
I saw a city in the clouds.

YODA
Friends you have there, heh?

LUKE
They were in pain ... suffering.

YODA
It is the future you see.
LUKE
Will they die?

YODA
Difficult to see. Always in motion
is the future . . .

LUKE
I must go to them.

YODA
Decide, you must ... how to serve
them best ... If ... you leave now ...
help them you could, but you would
destroy all for which they have
fought and suffered . . .

Luke is stopped cold by Yoda's words. Gloom shrouds him as he plops down and Artoo comes over to comfort him.

Rather touchy, aren't they.

LEIA
I thought you knew these people.

HAN
Well, it's been awhile.

CHEWIE

Han snaps off intercom. He is angry. The giant Wookiee turns to Han and grunts. Han turns to the worried Princes and her droid.

HAN
He'll help us ... We go way back ... really. Don't worry.

Leia doesn't look convinced.

LEIA
Who's worried?
FULL SHOT - Camera moves through clouds to reveal the city in a long shot. We see the ball at the bottom as it bobs in and out of the cloud surface. The cloud car and the Falcon pass over camera and head for the city.

FULL SHOT - Ships come to camera, PAN as they pass on left to closer view of city as ships grow small.

HIGH ANGLE - With cloud car near camera and Falcon dives into the distance, landing on one of the tiny city platforms. Several ships in background.

LANDO CALRISSIAN, a suave, dashing black man in his thirties leads a group of guards and some Cloud City guards rapidly towards the landing platform. The group, like the other citizens of the city, is a motley collection of aliens, droids, humans of all races and descriptions. Lando has a grim expression on his face as he exits onto the landing platform.

Han and Leia stand at the open door, armed. Behind them stands Chewie, also armed. They survey the scene warily. A dawn wind whips at Lando and his troops as they march across the narrow bridge leading to the landing platform.

LEIA
(to Han, low)
I don’t like this.

HAN
(uncertain)
It’ll be all right. Trust me ...
(pause)
But keep your eyes open.
Wait here.

Han walks down the ramp, followed by Chewie to the ship. Lando stops ten feet from Han. The two men eye each other carefully. Lando just shakes his head.

LANDO
(grim)
Why you slimy, double-crossing no-good swindler ...
HAN
I can explain everything, Ol
Buddy, if you'll just listen ...

LANDO
(still no smile)
... glad to see you.

HAN
(skeptical)
No hard feelings?

LANDO
(no smile)
Are you kidding?

HAN
(getting worried)
I always said you were a gentleman.

Lando breaks out in a big grin.

LANDO
I'll bet.

The two old friends embrace, laughing and chuckling.

LANDO
How you doing, Chewbacca? Still
casting your time with this clown
eh?

CHEWIE
Growls a reserved greeting.

LANDO
(not understanding)
Right.

Leia starts down the ramp, followed by Threepio.
Lando glances up at her and does a slow take.

LANDO
Hello! What have we here? Welcome,
I am Lando Calrissian, Administrator
of this facility ... and who might
you be?

LEIA
You may call me Leia.

Lando bows before Leia and kisses her hand.

THREEPIO
And I am See-Threepio, human-cyborg
relations, at your ....
HAN
How's your mining operation going?

LANDO
Not as well as I'd like. We're a small outpost and not very self-sufficient. I've had supply problems of every kind and ...
(catches Han grinning at him)
What's so funny?

HAN
Nothing. I never would have guessed that underneath that wild scheme I knew was a responsible leader and businessman ... But you wear it well.

Lando is reflective, he looks at Han a moment.

LANDO
Seeing you sure bring back a few things ...
(Shakes his head)
Yeah, I'm responsible these days. It's the price of success. And you know what, Han, you were right all along. It's over-rated.

Han and Lando laugh together. As the lagging Threepio passes a Threepio type silver droid comes out of a door. Threepio stops to look back at the droid when he hears the muffled beeping and whistling of an R-2 unit.

INT ANTE-ROOM - CLOUD CITY

Threepio enters the room.

THREEPIO
Oh, an R-2 unit, I'd almost forgotten what they sound like ...

Threepio walks thru the doorway, to the main room. He looks in.

THREEPIO
Oh my! ... Those look like ...

A laserbolt to Threepio's chest sends him flying in twenty directions. Smoldering mechanical arms and legs bounce off the walls as the door wooshes closed blocking him from view.
Before Threepio can finish his introduction, Han has put his arm around Lando and steered away from Leia, back toward the city.

HAN
She's traveling with me, Lando and I don't intend to gamble her away, so you might as well forget she exists.

Lando glances longingly over his shoulder at Leia who is following behind the two old friends.

LANDO
That won't be easy, my friend ... What brings you here, anyway?

HAN
Repairs ...

LANDO
(mock panic)
What have you done to my ship?

Han smiles, explains over his shoulder to Leia.

HAN
Lando used to own the Falcon. And he sometimes forgets that he lost her fair and square.

Lando concedes this with a little gesture, speaks to Leia.

LANDO
That ship saved my life more than a few times. It's the fastest hunk of junk in the galaxy.

(to Han)
What's wrong with her?

HAN
Hyperdrive.

LANDO
I'll have my people get to work on it right away. Hate the thought of the Millenium Falcon without her heart.

INT CORRIDOR - CLOUD CITY

The group has crossed the narrow bridge and entered the city. They walk down the lovely art-deco passageway, rounding several corners and passing many small plazas as they go. Threepio lags a bit behind.
INT CORRIDOR - CLOUD CITY - BESPIN

Lando, Han and Leia continue down the corridor unaware of Threepio's demise. Chewbacca glances around, sniffs the air, but shrugs his shoulders and follows the group.

EXT BOG - X WING FIGHTER CLEARING - DUSK - DEGOBAH

The fighter's lights come on. Luke is in the process of lifting a heavy case into the belly of the ship. Artoo is on top of the ship settling down into his place. Yoda stands nearby on a log.

YODA
Luke, you must not go.

LUKE
(to Yoda)
I can't keep the vision out of my head ... My friends ... they're in trouble ... and I feel that ...

YODA
... you must not go!

LUKE
But Han and Leia will die if I don't.

BEN (OS)
You don't know that.

Luke looks over in amazement. Ben has materialized as a real slightly shimmering image near Yoda. He is alive and the power of his presence stops Luke.

BEN (Continued)
Even Yoda cannot see their fate.

LUKE
But, I can help them! I feel The Force.

CONTINUED
BEN
But you cannot control it. This is a dangerous time for you, Luke. The time when you will be most tempted by the dark side of The Force.

YODA
Yes, yes. To Obi-wan you listen young one. The tree. Remember your failure at the tree! Heh?

LUKE
I've learned much since then. And I'll return to finish... I promise that, master.

BEN
It is you and your ability the Emperor wants, that is why your friends suffer.

LUKE
And that is why I must go.

BEN
Luke, I don't want to lose you to the Emperor, the way I lost Vader.

LUKE
You won't.

YODA
Stopped they must be. Do you hear? On this all depends. Only a fully trained Jedi Knight, with The Force as his ally, will conquer Vader and his Emperor. If you end your training now, if you choose the quick and easy path... as Vader did... you will become an agent of evil...

BEN

LUKE
And sacrifice Han and Leia?
YODA
If you honor what they fight for ...
yes!

Luke is in great anguish. He struggles with the
dilemma, a battle raging in his head.

BEN

if you choose to face Vader, you
will do it alone. I cannot interfere.

LUKE

I understand. Artoo, fire up the
power converters.

ARTOO

Whistles a happy reply.

BEN

Don't give in to hate ... that leads
to the dark side.

Luke nods and climbs back into his ship.

YODA

Strong is Vader. Clouded is your
fate. Mind what you have learned ...

LUKE

I will, Master Yoda, I will! I'll
be back to finish what I have begun ...
... I give you my word!

Artoo closes the cockpit. Ben and Yoda stand watching
as the roar of the engines and the wind engulfs them.

YODA

Told you, I did. Reckless is he ...
Now things are going to worse.

BEN

That boy is our last hope.

YODA

No ... there is another.

Chewie grabs the leg to inspect it... growling while the short creatures all hide from him, grunting in terror.

T360  EXT LONG SHOT OF THE SKYLINE OF BESPIN (MATTE STATIC)

In a foreground building... Han Solo stands looking out over the city. He hangs half out of the open window - looking down. A Twin-pod flys through the foreground.

360  INT LIVING QUARTERS - CLOUD CITY - DAY - BESPIN

Sunlight pours through the skylight in a large art-deco living area onto which four apartments open. Han moves from the window. He turns to see Leia standing in the doorway to her apartment.

Han is knocked out by the sight. He ogles the radiant Leia. She has changed from her cold weather pants and jacket to a lovely dress. Her hair is up, tied with ribbons.

LEIA

What are you staring at?

HAN

(ga ga)

Who's staring.

LEIA

You look silly.

HAN

You look great.

LEIA

(embarrassed)

Has Threepio turned up yet?

HAN

Hug? Oh. He's been gone too long just to be lost. He may have gotten into some trouble.

(He pats a spot on his lounge)

Come over here. I want to check this out.

Leia thinks it over a moment, then walks over and settles next to Han, who's overjoyed with her apparent pliancy. He's about to envelope her when she throws on the ice water ...

LEIA
I hope Luke made it to the fleet all right.

HAN
Luke! I'm sure he's fine. Probably sitting around wondering what we're doing right now.

Han puts his arm around her. They are ready to kiss. The door zaps open. Chewbacca walks in carrying a packing case of Threepio, arms and legs hanging over the edges. He drops the box on the table.

CHEWIE
Barks at his master.

LEIA
What happened?

HAN
He found him in a junk pile ...

LEIA
What a mess! Chewie, do you think you can repair him?

The giant Wookiee has been studying the array of robot parts. He looks at the Princess.

CHEWIE
Howls and shrugs his shoulders.

HAN
Why don't we just turn him over to Lando to fix?

LEIA
No thanks. Something's wrong here. Your friend Lando is very charming, but I don't trust him.

HAN
Well, I do trust him.
HAN

Listen, sweetheart, I'm not going to have you accusing my friend of...

There is a BUZZ and the door slides open revealing Lando.

LANDO

Sorry, am I interrupting anything?

LEIA

Not really.

LANDO

My dear, your beauty is unparalleled. Truly you belong here with us among the clouds.

LEIA

(icy)

Thanks.

LANDO

Would you care to join me for a little refreshment?

Han looks at Lando suspiciously.

CHEWIE

Barks at the mention of food.

Licks his lips.

LANDO

Everyone's invited, of course.

Leia takes Lando's proffered arm and the group turns to go. Lando spots Threepio's remains.

LANDO

Having problems with your droid?

Han and Leia exchange a quick glance.

HAN

An accident. Nothing we can't handle.

The door slides closed behind them, leaving the battered droid on the table.

INT CORRIDOR - CLOUD CITY - DAY

Leia walks between Han and Lando as Chewie and the aide follows a short distance behind. Long shafts of light pour across the corridor between tall columns.
LANDO
So you see ... we are a free station and do not fall under the Jurisdiction of the Empire.

LEIA
You're part of the mining guild then?

LANDO
Not actually ... Our operation is small enough not to be noticed. Much of our trade is, well ... unofficial.

EXT VERANDA - CLOUD CITY - DAY

The corridor opens onto a veranda which overlooks the spiraled top of the city.

City Plaza - as Lando and group pass. City in background with several cloud cars flying around.

LEIA
It's a lovely outpost ...

LANDO
Yes, we're proud of it. You'll find the air is quite special here ... very stimulating.

(He smiles at Leia)
You could grow to like it.

HAN
(Jealous)
We don't plan on staying that long.

LEIA
(Playing on Han's jealousy)
I find it most relaxing ...

INT CORRIDOR - CLOUD CITY - DAY

They re-enter the corridor and head for a huge doorway at the far end. Chewie begins to sniff something.

CHEWIE
Barks at Han.

HAN
Not now, Chewie. Lando, aren't you afraid the Empire might discover this little operation and shut you down?
LANDO
That's always been the danger.
It's loomed like a shadow over
everything we've built here. But
circumstances have developed
which will insure security. You
see, I've just made a deal that
will keep the Empire out of here
forever ...

INT DINING ROOM - CLOUD CITY - DAY

The mighty doors to the dining room slide open and
the group enters the dining room. At the far end of
a huge banquet table sits, Darth Vader. At his side
and slightly behind him is standing Boba Fett, the
bounty hunter. Han gives Lando a mean look.

LANDO
Sorry friend, I had no choice.
They arrived right before you
did.

HAN
I'm sorry too.

Faster than the wink of an eye, Han has drawn his
blaster and popped off a couple of quick shots directly
at Vader. The Dark Lord quickly raises his hand,
deflecting the bolts into one of the side walls, where
they explode harmlessly. Just as quickly, Han's weapon
zips out into Vader's hand. The evil presence calmly
places the gun on the table in front of him.

VADER
We would be honoured if you would
join us.
INT LARGE CELL

Very low angle:

A prison cell flooded with hot light so that everything is bleached out. A high pitched whistle screeches loudly. Chewie is going mad, he hits the wall with his giant fists, is barking and moaning and pacing. The upper lights go off abruptly. Chewie moans, rubs his eyes ... moves to a wall, listens, hits the wall a mighty blow, and moaning to himself moves to a bed where the dis-assembled pieces of Threepio lie. He picks up the golden droid's head and meditates on it for a few moments. He barks a few remarks of a philosophical nature. Chewie sticks the robot's head on its torso and starts adjusting wires and circuits. Suddenly, the lights in Threepio's eyes spark to life as Chewie touches two connectors together. Threepio immediately begins to speak, but his voice is so slow and so low as to be unintelligible.

THREEPIO

Imm-peeer-eee-all-storr-mmm-troooo ....

Chewie looks at Threepio in bewilderment, then scratches his furry head, gets an idea and adjusts some connections. Threepio immediately begins speaking normally.

THREEPIO

Chewbacca! Watch out, there are Imperial Stormtroopers hidden in .... Oh no! I've been shot!

INT PRISON ENTRY AREA - CLOUD CITY

The door to another cell slides open and we see a flash of Han Solo hanging on some kind of rack. He is making sharp, piercing screams of agony and pain. Darth Vader exits the cell where Boba Fett waits for him.

SWE 5D 2/20/79  CONTINUED
VADER
Bounty hunter, if you are waiting for your reward, you will wait until I have Skywalker.

BOBA
(a very tough customer)
I am in no hurry, Lord Vader. My concern is that Captain Solo not be damaged. The reward from Jabba the Hutt pays double if he's alive.

VADER
His pain is considerable, bounty hunter, but he will not be harmed.

LANDO
What about Leia and the Wookiee?

VADER
You will find them well enough. But they must never again leave this city.

LANDO
That was never a condition of our agreement. Nor was giving Han to this bounty hunter.

VADER
Perhaps you think you're being treated unfairly.

LANDO
(glances at his aide)
No.

VADER
Good. It would be most unfortunate if I had to leave a permanent garrison here.

Vader turns and sweeps into the elevator with Boba Fett. Lando turns with his aide and walks swiftly down another corridor.

LANDO
This deal's getting worse all the time.

AIDE
Maybe you should have tried to negotiate with him.

Lando gives his aide a look that speaks volumes, then walks a few steps in silence, thinking.
LANDO
(finally)
I've got a bad feeling about this.

INT LARGE CELL

Chewie now has a little more of Threepio back
together. One arm is connected, but his legs yet to
be attached. There is one small problem, however; it
appears the Wookiee has managed to put the droid's
head on backwards.

THREEPIO
Well, something's not right because
now I can't see.

(Chewie barks and adjusts a wire)
There now, that's better, wait ...
Oh, my. What have you done? I'm
backwards! You flea-bitten furball!
Only an overgrown mophead like you
would be stupid enough to put my
head ...

Threepio is cut off in mid-sentence as Chewie deactivates
a circuit and the droid shuts down. The Wookiee smells
something and sits up. The door to the chamber slides
open and a ragged Han Solo is helped into the room by
two Stormtroopers. The huge Wookiee gives him a big
hug as the Stormtroopers leave. Han is very pale,
with dark circles under his eyes.

CHEWIE
Barks his concern.

HAN
No, I'm alright. I'm alright.

Chewie BARKS again as the door slides open revealing
Leia. She looks a little worse for wear also. The
troopers shove her into the cell, and the door slides
closed. Chewie helps her up and over to Han. The
two lovers embrace, kiss.

LEIA
Why are they doing this? I can't
understand what they're up to.

HAN
They had me howling on the scan
grid, but they never asked me
any questions.

The cell door slides open. Lando and two of his guards
enter.
HAN
Get out of here, Lando!

LANDO
Shut up a minute and listen. I'm doing what I can to make this easier for you.

HAN
This ought to be good.

LANDO
Vader has agreed to turn Leia and Chewie over to me. They'll have to stay here, but at least they'll be safe.

LEIA
What about Han?

LANDO
(Han)
I didn't know you had a price on your head! Vader has given you to the bounty hunter.

Leia looks with concern to Han.

HAN
You don't know much about much if you think Vader won't want us dead before this is over.

LANDO
He doesn't want you at all. He's after someone called Skywalker.

HAN

Leia's mind is racing.

LANDO
Lord Vader has set a trap for him and...

LEIA
... we're the bait.

HAN
All this just to get the Kid? What's so important about him?

LANDO
Don't ask me, but he's on his way.
LEIA

Luke's coming here?

Lando nods. Han's rage peaks.

HAN

You fixed us all pretty good ...

(spits it out)

... friend!

Han hails off and punches Lando. The two friends are instantly engaged in a frantic close quarters fight. The guards hit Han with their rifle butts and he flies across the room. Chewie GROWLS and starts for the guards. They point their laser weapons at the Giant Wookiee, but Lando stops them.

LANDO

Don't shoot! I've done what I can for you. I'm sorry it's not better, but I've got my own problems...

(turns to leave)

I've already stuck my neck out further than I should ...

HAN

Yeah, you're a real hero.

Lando and the guards leave. Han wipes the blood from his chin as Leia and Chewie help him onto one of the bunks.

LEIA

(dabs at his wound)

You certainly have a way with people.

Four armour-suited Stormtroopers stand at the ready in the large chamber, which is filled with pipes and chemical tanks. In the middle of the room is a round pit housing a hydraulic platform. Darth Vader and Lando stand near the platform.

VADER
The facility is crude, but it should suit our needs. 

An Imperial Officer, Vader's aide, appears.

AIDE
Lord Vader ... ship approaching ... X wing class.

VADER
Good. Monitor Skywalker's progress and allow him to land. We'll have the chamber ready for him shortly.

LANDO
We only use this facility for carbon freezing. If you put him in there, it might kill him.

VADER
I don't wish the Emperor's prize to be damaged. We'll test it first. (to a Stormtrooper) Bring in Solo.

Lando's face registers dismay.

INT CARBON-FREEZING CHAMBER - CLOUD CITY - BESPIN

There is great activity on the carbon-freezing platform. Six hogmen are frantically preparing the chamber for use. Some pipes are being lowered into the hole. Banging. The Carbonite hoses are being raised. The special coffin-like container is being put in place. With Boba Fett in the lead, a squad of six Stormtroopers bring in Han, Leia and Chewie. Strapped to Chewie's back, with only his head, torso and one arm assembled, is Threepio. Threepio's head faces the opposite direction from Chewie's and the droid is constantly twisting around in a vain effort to see what's happening. His one attached arm is animate and expressive; intermittently pointing, gesturing and covering his eyes. The remaining pieces of his body are roughly bundled to the Wookiee's back. His legs and other arm stick out at odd angles from the pack. Vader turns to Boba Fett.

VADER
Put him in the carbon freezing chamber.

BOBA
What if he doesn't survive? He is worth a lot to me.

VADER
The Empire will compensate you for the loss.

LEIA
No.

Chewie lets out a wild HOWL and attacks the Stormtroopers surrounding Han. Within seconds many Imperial reinforcements have joined the scuffle. The giant Wookiee is clubbed with laser weapons. From the instant of Chewie's first move, Threepio is screaming in panic while he tries to protect himself with his one arm ...

THREEPIO
Wait! What are you doing? ... Oh, no ... Don't hit me! No! He doesn't mean it! ... Calm down, you hairy fool! ... Ouch! I didn't do anything.
The Stormtroopers are about to bash Chewie in the face.

HAN
Chewie, no! Stop it, Chewbacca!

Han breaks away from his captors. Vader nods to the guards to let him go and the pirate breaks up the fight.

THREEPIO
Oh, yes ... stop, stop. Thank heavens ...

Han gives the Wookiee a stern look, then a big hug.

HAN
Save your strength for another time, Chewie, when the odds are better.

Han winks at the Wookiee.

CHEWIE
Barks a dolorous farewell.

HAN
Yeah ... I know ... I feel the same way ... Keep well.
(turns to guard)
You'd better chain him until it's over.

In a flash the guards have slipped binders on Chewbacca, who is too distraught to protest. Han gives his furry friend a final hug and turns to Princess Leia. He takes her in his arms and she gives him a passionate kiss.

LEIA
... I love you. I couldn't tell you before, but it's true.

HAN
... just remember that, 'cause I'll be back.

He sheds his cocky smile and gives her a soft kiss on the forehead. Tears roll down Leia's face as she watches the dashing pirate walk to the hydraulic platform. Lando, too, watches with anguish. The Hogmen position him and quickly bind his arm and legs. They step back. Han looks one final time at his friends and suddenly the platform drops. Chewie HOWLS. Leia turns away in agony. Lando winces in sorrow; it makes a life-changing impression on him.
Instantly, fiery liquid begins to pour down creating a shower of sparks and fluid as great as any steel furnace. Chewie has half-turned away from the sight, giving Threepio a view of the procedure.

THREEPIO
They're encasing him in carbonite. It's high quality alloy. Much better than my own. He should be quite well protected ... if he survived the freezing process.

Chewie is in no mood for technical discussions; he gives the droid an angry glance and bark.

A huge mechanical tong lifts the steaming metal encased space pirate out of the vat and stands him on the platform. Some Hogmen rush over wearing thick gloves. They push the block over so that it falls and bounces metalically on the platform. Hogmen slide over the coffin-like structure and in one moment lift the metal block and place it inside. They attach an electronic box onto the structure and step away.

Lando kneels and adjusts some knobs ... the heat can be seen registering on a L.E.D. ... Lando shakes his head in relief.

LANDO
He's alive ... and in perfect hibernation.

VADER
He's all yours, bounty hunter. Reset the chamber for Skywalker.

AIDE
He's just landed, My Lord.

VADER
See to it that he finds his way here.

LANDO
I'll take what is mine now.

VADER
Take them, but I'm keeping a detachment of troops here to watch over them.

LANDO
That wasn't the bargain. You said The Empire wouldn't interfere in ...

VADER
I'm altering the bargain. Pray I don't alter it any further
Lando's hand instinctively goes to his throat as he turns back to Leia, Chewie and Threepio.

INT CORRIDOR – CLOUD CITY

Boba Fett enters from a side hallway followed by two guards pushing the floating, encased body of Han Solo. Two Stormtroopers who follow, immediately start firing on the young warrior. Luke draws his weapon and blasts the two troopers before they can get off a second shot. The two guards whisk Han into another hallway as Boba lowers his arm and fires a deadly laser at Luke, which explodes to one side and tears up a huge chunk of wall.

INT SIDE HALLWAY – CLOUD CITY – DAY

By the time Luke reaches the side hallway, Boba, Han and the guards are gone. A thick metal door blocks the passage. Luke turns to see Leia, Chewie, Threepio and Lando being herded away by several other Stormtroopers down a second hallway.

LUKE

Leia!

LEIA

Luke, no! It’s a trap.

Before she can finish, the group turns a corner and is gone. Luke races after them, leaving little Artoo trailing behind.

INT ANTE-ROOM – CARBON FREEZING CHAMBER – CLOUD CITY BESPIN

Luke runs in and stops to get his bearings. Leia and the others are nowhere in sight. Behind Luke, Artoo is whistling down the corridor to the chamber when a giant metal door comes slamming down with a loud CLANG (seemingly on top of the stubby droid), cutting off Luke’s exit. Several more doors CLANG shut, echoing through the chamber.
INT HALLWAY LEADING TO CHAMBER - CLOUD CITY - BESPIN

Artoo is standing with his nose up against the giant metal door. He whistles a long sigh of relief and a little dazed, wanders off in the other direction.

INT ANTE-ROOM CARBON FREEZING CHAMBER - BESPIN

Luke is cautiously walking forward between hissing pipes and steam. He sees an opening above his head. As he stops to look up, the platform he is on starts to move.

INT CARBON FREEZING CHAMBER

Luke rises into the chamber. It is very quiet - there is little steam and no-one appears to be in the large room. Luke cautiously walks towards the stairway. He senses something.

DUKE
(to himself)

Vader ...

(He looks all around)

Lord Vader ... I feel your presence. Show yourself or do you fear me?

Steam begins to build up in the chamber. Luke looks up and sees a dark figure through steam, on a walkway suspended over the chamber. Luke holsters his gun and moves up the stairs to face Vader. Luke looks confident, almost over-eager to engage his enemy.

VADER

The Force is with you, young Skywalker, but you are not a Jedi yet.

Luke ignites his sword in answer. Vader ignites his sword. Luke lunges at Vader who repels the blow. Again Luke attacks, the swords clash and before disengaging they touch one of the metal cross member which melts and is cut through.

INT CORRIDOR - CLOUD CITY - BESPIN - DAY

Leia, Lando, Chewie and Threepio march along between six Stormtroopers. They reach an intersection where a dozen of Lando's guards are standing at attention. Lando stops before his aide.

LANDO

The guards immediately aim their weapons at the startled Stormtroopers. The aide takes the Stormtroopers' weapons from them, handing one to Leia and one to Lando.

**LANDO**

Hold them in the security tower. Quietly! No one must know.

Lando's guards march the Stormtroopers away. Lando starts to release Chewie's binding ...

**LEIA**

A laser bolt explodes near the Princess and everyone turns to see what Threepio has already spotted coming from the other direction: a squad of Stormtroopers running toward them. Artoo peeks out from the elevator.

LANDO
Come on, let's move!

Leia and Chewbacca start firing at the troopers as Lando makes a break for the elevator. Laser bolts continue to explode around the Princess and the Wookiee, but they refuse to budge. Lando sticks his head out of the elevator and motions for the pair to run. But they barely notice. They seem possessed, transported, as all the frustration of captivity and anger of loss pour out through their death-dealing weapons. Threepio, at the center of all this, is frantic.

THREEPIO
Artoo, help me! How did I get into this? ... What a fate worse than death it is to be strapped to the back of a Wookiee!

LANDO
Get in here! Hurry up! hurry up!

Leia and Chewbacca move through the rain of laserfire toward the elevator. Once they're inside the door slams shut and the Stormtroopers race forward.

INT CARBON-FREEZING CHAMBER - CLOUD CITY - BESPIN

Luke and Vader are locked in combat on the platform overlooking the chamber. The swords clash, the platform sways. Luke is aggressively driving Vader back. Vader is using defensive tactics.

VADER
The fear does not reach you. You have learned more than I anticipated.
LUKE
You'll find I'm full of surprises.

VADER
And I too.

Vader makes two quick moves and Luke's sword is hooked out of his hands and goes flying away. Another lightning move at the feet of Luke causes him to jump back to protect himself and Luke rolls down the stairs to the circular carbon-freezing platform. He is sprawled on the floor, quite surprised and shaken. He looks up in time to see Vader, like a giant black bird, flying right at him. Luke rolls away as Vader lands. Luke is crouching, never taking his eyes off Vader.

VADER
Your future lies with me, Skywalker. Now you will embrace the dark side. Obi-wan knew this to be true.

LUKE
No!

VADER
There is much Obi-wan did not tell you... Come, I will complete your training.

In back of Luke the hydraulic elevator cover has opened up noiselessly as Luke is slowly, cautiously retreating.

LUKE
I'll die first.

VADER
That won't be necessary.

Vader attacks so foreefully that Luke loses his balance and falls back into the opening. There is a rumble and freezing steam rises to obscure Vader's vision. Vader turns aside and deactivates his sword.

VADER
All too easy. Perhaps you are not as strong as The Emperor thought.

In back of Vader, seen thru steam, something blurs upwards. Liquid metal begins to pour into the pit.

LUKE (OS)
Time will tell...
Vader turns back, looks around, then looks up. He sees Luke. Luke has leapt fifteen feet straight up and is now hanging from some hoses on the carbonite outlet.

VADER
Impressive ... your agility is impressive.

Luke jumps down to the platform. The steaming carbonite pit separates him from Vader. Luke raises his hand and his sword, which has fallen on another part of the platform, swiftly jumps into his out-stretched hand and flashes on. Vader immediately ignites his sword.

VADER
Ben has taught you well. You have controlled your fear ... now release your anger ... I destroyed your family ... Take your revenge ...

VADER
Your hatred can give you the power to destroy me ... use it.

But Luke now realizes the enormous power of the enemy he is up against. He has become cautious.

LUKE
(almost to himself)
I will not become a slave to the dark side of The Force.

Vader retreats ... Luke swings his sword. Vader blocks it but loses his balance and falls into the outer rim of pipes. The energy Luke had used on stopping Vader has brought him to the point of collapse. Luke moves to the edge and looks down - no sign of Vader. Luke deactivates his sword, hooks it on his belt and lowers himself into the pit.
Cautiously, Luke moves towards the bright opening. There, silhouetted against a large window is Vader. He stands motionless, waiting. Luke turns on his sword and moves into the room. Vader makes no move to activate his sword or to defend himself.

VADER

Attack ... destroy me.

VADER

Only by taking your revenge can you save yourself...

There is a battle going on inside Luke. He is transfixed. Luke makes a decision. He raises his sword in his two hands. He is going to kill Vader with one mighty blow. In back of Luke a large piece of machinery detaches itself from the wall and comes smashing forward towards Luke's back. Luke turns and cuts it in half. Another machine comes hurtling at him. He manages to deflect it using The Force. The machine acts as if it hit an invisible shield and bounces off. A large pipe detaches and comes flying at Luke. He deflects it. Wires pull out of the walls, sparking and begin to whip at Luke. Small tools and such come flying at him. Luke is bombarded from all sides, doing his best to deflect them but getting bloodied and bruised. Finally one machine glances off Luke and goes flying out the large window. A fierce wind blows into the room whipping everything around; the noise is horrendous. In the center of the room, unmoving, stands the dark rock-like figure of Vader.

VADER

You are beaten, it is useless to resist ... You will join me or you will join Obi-wan in death!

A piece of machine hits Luke and he is knocked out of the window.

VADER
Don't let yourself be destroyed as Obi-wan did.

Luke is breathing hard but the mention of Ben has a curious effect on him.

LUKE

Luke is still backing off along the Gantry as Vader comes at him.

INT CORRIDOR LEADING TO LANDING PLATFORM - CLOUD CITY

Leia, Lando, Chewie and the droids come round a corner and head for the door to the landing platform. In the background the Millennium Falcon can be seen for a moment before the door slams shut. The group duck into an alcove as Stormtroopers arrive at the end of the corridor and start firing. A rain of laser bolts steam past and explode around them. Chewie blasts away at the Stormtroopers as Leia punches desperately at the door's control panel.

Artoo is just finishing taking off a connector cover. He sticks his computer arm into the socket...

LANDO
C'mon, we'll try another way.

400 INT GANTRY - END OF POD - REACTOR SHAFT - BESPIN
E.L.S. The wind is rising, wiping out the sound of the swords clashing. Medium shot. Luke makes a quick move around the instrument
complex attached to the end of the pod. Vader's sword comes slashing down cutting the complex loose; it begins to fall, then is picked up by the wind and is blown upwards. Luke glances off at the instrument complex floating away ... at that instant Vader's sword comes down across Luke's forearm, cutting it. The sword flies out of Luke's hand, as Luke, feeling extreme pain, squeezes his forearm under his left armpit and moves back along the gantry to its extreme end. Vader follows. The wind subsides. Luke holds on. There is nowhere else to go.

VADER

There is no escape ... don't make me destroy you. The Emperor is strong with The Force - but The Force runs strong in the Skywalker line and together we will overthrow him. I will complete your training and we will rule the Empire as equals ...

Vader puts his sword away. He holds out his hand to Luke.

LUKE

No!

VADER

Luke, we will be the most powerful in the Galaxy. You will have everything you could ever want ... do not resist ... it is our destiny.

A calm comes over Luke, and he makes a decision. He steps off the platform into space and falls. The Dark Lord looks over the platform and sees Luke falling far below. The wind begins to blow at Vader's cape and the torrent finally forces him back, away from the edge. He looks out and sees Luke floating upward past him with the force of the wind. The wind begins to fade and the wounded Jedi begins to fall fast, unable to grab onto anything along the wall.

INT SHAFT - EXHAUST PIPE

Suddenly, Luke is sucked into an exhaust pipe in the side of the shaft. Vader sees this. He turns and hurries off the platform.

INT EXHAUST PIPE

TRUCKING FULL SHOT as Luke tumbles through the exhaust pipe.
INT EXHAUST PIPE - BOTTOM OF CLOUD CITY - DUSK

Luke comes sliding to the end of the slickly polished exhaust pipe and stops as his feet hit a circular grill and knock it open. Luke claws at the surface of the pipe trying to keep from sliding out into space.

LUKE

Ben ... Ben, help me.

He slides another foot closer to the opening.

INT CORRIDOR - CLOUD CITY

Cloud City residents are trying to get out of the city. Chaos. Some are carrying boxes, packages - they run, change direction, some are shooting at Stormtroopers - who come running into shot everyone disperses. The Stormtroopers are after Lando and Leia. Chewie, Leia and Lando are firing at them. Artoo in the background is working another door to the landing platform while Threepio is berating him for his ineptitude.

Beeps.

THREEPIO

What are you talking about? We're not interested in the hyperdrive on the Millennium Falcon, it's fixed. Just tell the computer to open the door.

Chewie, Leia and Lando retreat along the corridor. A beep from Artoo and the door snaps open.

THREEPIO

Artoo, you did it! I never doubted you for a second ...

LANDO

Hurry or we'll never make it.

Artoo lays down a cloud of fog, obscuring everything, as the group dashes outside.

EXT LANDING PLATFORM - CLOUD CITY - DUSK

The group races for the Millennium Falcon as many Stormtroopers reach the main door. Lando and Leia hold off the troops as the droids get on board with Chewie.
CONTINUED

Chewie starts up the ship. The giant engines start to whine as Lando and Leia race up the ramp under a hail of lazer fire.

INT EXHAUST PIPE - BOTTOM OF CLOUD CITY

Luke is starting to slide and finally falls out of the pipe into space.
EXT BOTTOM OF CLOUD CITY

Luke comes falling out of the pipe and he grabs onto an electronic weather vane.

INT COCKPIT - MILLENNIUM FALCON

Chewie works with the controls as Leia sits in Han's seat and Lando watches over their shoulder. Chewie pulls back on the throttle. The ship begins to move, (clouds move past window).

EXT LANDING PLATFORM - CLOUD CITY

FULL SHOT - The Millennium Falcon lifts gracefully into the twilight sky and roars away past the camera. Troops fire after it.

EXT BOTTOM OF CITY - EXHAUST PIPE - DUSK

MEDIUM SHOT - Luke hanging on weather vane on bottom of city. He has attained a better position on the weather vane and managed to hook one of his legs around the fragile instrument. Air rushes past him from the pipe.

LUKE

Ben ... Ben.

EXT LANDING PLATFORM - CLOUD CITY

Vader enters the landing platform and watches the speck that is the Falcon disappearing. The wind blows at his cape. Suddenly he looks down at the surface of the landing platform and slowly looks up thinking.

VADER

(to himself)

Ben can not help you now, my young Jedi!

He turns to two Aides who are standing a distance away, near the entrance to the landing platform.

VADER

Bring my ship in!

He exits.
LUKE
Leia hear me, Leia.

There is an ominous CRACKING sound from the base of the weather vane and a piece breaks off, falling into the clouds far below. A rush of air is constantly blowing at Luke from the pipe.

OVER THE SHOULDER POV of clouds through cockpit window in Millennium Falcon. Leia seems to be lost in a fog, her expression troubled. Chewie is busy operating the ship. Lando stands next to the Wookiee watching a readout on the control panel.

LANDO
(to Chewie)
It looks like three fighters. We can out distance them easily. I knew that set-up was too good to last ... I'm going to miss it.

LEIA
Luke?

LANDO
What?

LEIA
We've gotta go back. Chewie, head for the bottom of the city.
LANDO
Wait a minute. We're not going back there!

CHEWIE
Barks an argument.

LEIA
No argument. Just do it. That's a command!

LANDO
What about those fighters?

CHEWIE
Turns on Lando, the newcomer, with an ominous growl.

LANDO
Okay, okay ...

426 INT COCKPIT MILLENNIUM FALCON - CLOUD CITY - DUSK

Explosions begin to erupt all around the cockpit, buffeting the ship wildly. Chewie howls as he frantically tries to control the ship. Leia speaks into the com-line.

LEIA

Lando, is he alright? ... Lando?
Do you hear me? How's Luke?

LUKE (OS)

He'll survive.

Leia and Chewie turn to see the bloody and battered Jedi, supported by Lando. Lando has wrapped a blanket around him. Leia jumps up and gives him a giant hug.

CHEWIE

Barks happily.

A huge flak burst rocks the ship.

427 EXT MILLENNIUM FALCON - SPACE - PLANET BESPIN

FULL SHOT - The Falcon speeds away from the planet and over camera followed by the three fighters firing.

(S409) INT MILLENNIUM FALCON - HOLD

Artoo is connecting some wires to Threepio who now has his leg attached. Artoo is beeping while he works.

THREEPIO

Very good ... good as new ...

SWE 5D 2/20/79
Artoo starts beeping.

THREEPIO

No ... Artoo, don't worry, I'm sure we'll make it this time.

INT COCKPIT - MILLENNIUM FALCON - SPACE

Lights flash and muted alarm BUZZERS sound. Lando sits in the pilots seat next to Chewie. Leia looks over their shoulders. Luke sits quietly behind them.

LANDO

The deflector shields are going.

Chewie nods and barks a new concern. Leia notices a new blip on the radar scope of the control panel.

LEIA

There's another ship, much bigger trying to cut us off.

Luke looks out the side window to the starry sky. He knows who it is and he knows who he's after.

LUKE

(almost to himself)
It's Vader

Luke is beaten, he's still afraid to face the truth.

EXT SPACE

Exterior Vader's huge Starship looms toward the camera from the distance.

INT BRIDGE VADER'S STAR DESTROYER

Vader stands on the bridge looking out the window. Admiral Piett approaches him.

PIETT

They'll be in range of the tractor beam in moments.

VADER

And their hyperdrive is deactivated?
Piett
Right after they were captured, Sir.

Vader
Good, prepare the boarding party and set your weapons for stun.

Ext Space
The Falcon followed by the three TIE Fighters race over camera and away.

Int Cockpit - Millennium Falcon

Leia
We don't have any room for mistakes.

Lando
If my men said they fixed this baby, they fixed it...we've got nothing to worry about...

Leia
...sounds familiar.

Another explosion rocks the ship. A green light goes on the panel next to her.

Leia
The coordinates are set, Chewie. It's now or never.

Chewie
Barks his agreement.

Lando
Punch it!

The Wookiee shrugs and pulls back on the lightspeed throttle. The sound of the ion engine changes...its winding up - expectant tense faces...then it cuts out. Chewie lets out a frustrated howl. The flak is rocking the ship violently.

Ext Space
In the distance the TIE Fighters chase the Falcon left to right, shooting lasers. In the foreground Vader's ship looms into frame heading toward the tiny ships trying to cut them off.
INT BRIDGE VADER'S SHIP

LONG SHOT on Vader's back as he stands on the bridge. He can see the Millennium Falcon being chased by the TIE Fighters as he gains on them. Move in to a close shot of his face, his breathing gets slightly faster.

INT COCKPIT - MILLENNIUM FALCON

Close on Luke's face as he realizes Vader's ship is very near. He seems resigned to his fate. He is beaten, more emotionally than physically.

LUKE
(to himself)
Ben, (why didn't you tell me?)

Lando is furious. He is muttering to himself as he is buffeted by the flak. Chewie races out of the cockpit as Leia takes his place in the co-pilots seat.

EXT SPACE

The Falcon races over camera followed closely by the firing TIE Fighters and edging in from the side is the huge Star Destroyer.

INT HOLD MILLENNIUM FALCON

Artoo is working on Threepio as Chewie rushes in and starts to work. Artoo is beeping away very concerned.

THREEPIO
I said we're doomed! The lightspeed engines are malfunctioning again.

Artoo beeps.

THREEPIO (Continued)
How could you know what's wrong? Ouch, mind my foot and stop your chattering on so.

CONTINUED
LANDO (OS intercom)
Chewie ... check the secondary

Chewie is in the pit. He is trying to loosen something
with an enormous wrench ... frustrated ... he uses the
wrench like a club and hits the panel ...

S431  INT COCKPIT - MILLENNIUM FALCON  S431

Lando, in front of the control panel, is sprayed by a
shower of sparks. Leia is sitting in Chewie's seat

T432 LONG SHOT SPACE - THE FLEET - STAR CRUISER

The Millennium Falcon is attached to a huge Rebel Cruiser by a docking tube. A large red star is nearby.

432 INT MEDICAL CENTER - STAR CRUISER

Leia, (now in a white dress similar to the high necked one in the first film, with her hair in braided buns) Threepio and Artoo are watching Luke being worked on by a Medical Droid.

Luke is seated. His arm resting elbow on a table with his hand in the air. The Medical Droid is placing a soft metalized type of bandage around the nasty scar on Luke's arm. As the droid works at attaching and adjusting a tiny electronic unit onto the strip...

Luke is moving his hands, making a fist and relaxing.

Artoo, Threepio and Leia are interested in what is being done. The intercom sounds over a loud speaker.

LANDO (VO)

Luke ... we're ready for take-off ...

434 INT COCKPIT - MILLENNIUM FALCON

INT MEDICAL CENTER - STAR CRUISER

Chewie's bark comes over the intercom...

LUKE
Take care my friends. May The Force
Be With You.

MUSIC COMES UP

Leia walks to the big sound window, in the background.
A large red star is out the window past the hull of the
ship with one small planet (giving the effect of a pale
understands what she is feeling. Push in to Leia at
the window as Luke goes to her and the two robots move
in on either side. They watch the Millennium Falcon
move into view, make a turn and shoot away through the
remains of the rebel fleet. There is a new bond between
them, a new understanding. Leia is thinking about Han,
Luke is thinking about his uncertain and newly compli-
cated future. He puts his right arm around her. Hold
on a full shot tabloid of Luke, Leia and robots with
their backs to us as they look out the window at the
romantic red star in the distance. (Shot reminiscent
of the end shot in first film).
